HAULED UP.
A Chicago Girl Pulled from the River by Her Bloomers.

CHICAGO, Aug. 10.—(By Atlantic Cable.) The daily News has a dispatch from Athens, which says: "At Anafolia, Pedada, near Iraklion, in the island of Crete, on Saturday a thousand armed Mussulmans butchered thirty unarmed Christians in the precinct of St. John monastery. Several priests, women and children are among the victims. One woman was slaughtered for saving children, and her husband was swung over to give passage to the wharves. Several churches were desecrated, and a priest named Jeremiah had his ears and nose severed from his head and was then burned alive on a pile of sacred pictures."

CHICAGO, Aug. 10.—Thousands of people crowded along the Chicago River in the vicinity of the Rush-street bridge at 10:30 o'clock last evening saw Louisa Olsen, a bloomer girl, rescued from what seemed to be certain death. Miss Olsen, who is about 24 years of age, was taking a ride on her bike in Lincoln Park, and was returning to the South Side, and just as she started to cross the bridge it slipped and she fell into the water. She was rescued by a man named Christopher Columbus, who was on the bridge at the time.

CHICAGO, Aug. 10.—A dispatch from the Herald from Havana says that in the city of Puerto Principe the residents of several American citizens were entered and searched by Spanish troops in quest of munitions and compromising documents. A Cuban woman and two little girls, 5 and 10 years old, have been held as spies in Puerto Principe. The former carried a revolver, and the children had correspondence with the rebel government in Cuba. When apprehended by the Spanish in the Puerto Principe suburbs.

Thirty unarmed Christians slain by Mussulmans—A boy man burned alive after losing his nose and ears. The Irish Land Bill passes the House of Lords on third reading. Successful photographs of the sun's eclipse secured. Spain withdraws her memorandum to the powers asking help against the United States' pressure.

At Large—Pages 1, 2, 3.
Dispatches were also received from Mobile, Ala.; London, Berlin, Cairo, Rangoon, New Haven, Boston, Washington, Constantinople, St. Petersburg, San Francisco, Chicago, New York and other places.

Financial and Commercial—Page 10.
Sales of fruit at New York and Chicago. Cash quotations in produce at the latter city. Grain movements. The gold withdrawals. New York, Boston and San Francisco stocks and bonds. The foreign markets. Coast quotations.

Weather Forecast.
SAN FRANCISCO, Aug. 10.—For Southern California: Fair Tuesday; fresh westerly winds.

Judge Edgarston Dead.
SIOUX FALLS (S. D.), Aug. 10.—Judge Alonzo Edgarston died Sunday of Bright's disease. He was a member of Minnesota's first Legislature. He succeeded Senator Windom in the United States Senate and was president of both constitutional conventions here. He was appointed Territorial Judge by President Harrison in 1889.

A Dutch Steamer Captured.
CAIRO, Aug. 10.—An Italian man-of-war has captured the coast of Erythraea. The Dutch steamer Doedwyk, laden with 34,000 rifles which are supposed to be of Belgian manufacture and which were destined for Abyssinia. The steamer and her cargo will be taken to the prize court at Massawa.

Damage by Floods.
COLOMBIA, Aug. 10.—Serious floods caused much damage on the coast. Several villages were destroyed and telegraph lines to Greytown were down. The Colombia schooner Pionero, trading between Colon and Bluefields, is lost.

The Grain-crop Report.
WASHINGTON, Aug. 10.—The Agricultural Department grain crop report for August shows: Corn, condition 86, gain during July, 4.4 points; spring wheat 78.9, decline 14.4; oats 77.3, 19 points less.

Photographs of the Eclipse.
COPENHAGEN, Aug. 10.—Successful photographs of the eclipse of the sun were taken at Bradvig on Skjervestrand.

ON THE WANE.

Silver Sentiment Grows Beautifully Less.

Common Sense is Returning in Missouri and Kansas.

Senator Shoup Claims Idaho for the Republicans.

Bryan Committee Calls on McKinley.
Ohio Standard-bearer Receiving Encouraging Telegrams—San Francisco County Convention.

BY THE TIMES SPECIAL WIRE.
WASHINGTON, Aug. 10.—(Special Dispatch.) Senator Shoup of Idaho was at Republican headquarters today and talked encouragingly of the outlook in the West, especially in his own State. Senator Shoup is a silver Republican, but believes in fighting the question in the ranks of his own party. He said he believed silver would be a greater gain to the result of the recent contest than through any other, and hoped the international bimetallic system was not in vain.

He is quite confident that Idaho can be carried for McKinley, and could not understand how the silverites had secured their information to the result of the recent contest there, which indicated that silver Democrats had swept the State. The returns, he said, were not all in on Saturday, and it was a little premature to forecast what the result was. Senator Shoup returns to Idaho tomorrow and will actively enter into the campaign, making as good a fight as he knows how for the Republican ticket.

Encouraging news from Missouri and Kansas was received by the Republican Congressional Committee today. A large number of letters received yesterday from this morning announcing that in some parts of Kansas it is reported the "silver fever" is beginning to wane as the result of the reading of the Republican literature with which that State has been flooded. SOME ENCOURAGING EPISTLES.

CANTON (O.), Aug. 10.—With the thermometer toward the hundred mark, regular attendance at the McKinley Club was deterred from church yesterday. It was after 5 o'clock when he and Mrs. McKinley ventured out for a drive.

Maj. McKinley's mail has assumed massive proportions. Hundreds of Democrats continue to write him with expressions of support. From Maine to California yesterday came letters urging the tariff to the front, as well as the issue of the money. There came also invitations to meet at various places and to accept of them, none of which can be accepted. Among the telegrams were these:

"MOSCOW (Idaho).—Moscow McKinley Club, organized this morning at 2:30 strong, send loyal greetings to our next President, from the so-called Silver State of the Northwest. Our slogan is protection, patriotism and prosperity."

(Signed) "W. W. WATKINS."
"CLEBURNE (Tex.).—The McKinley and Hobart Club, sixty-five members, greet you and Mrs. McKinley. The Republican Club ever organized in this (Johnson) county. Our motto is an honest dollar with a chance to earn it by honest toil."

(Signed) "O. T. HINKEY."
"OLYMPIA (Wash.).—McKinley Club organized this evening with over three hundred signers pledged to sound money, sound government and victory."

(Signed) "JOHN F. COWEY."
"HIGHLAND (Ill.).—McKinley Club organized amid great enthusiasm. The McKinley Club is the first in this section, prosperity and sound money."

(Signed) "TOM E. KINNEY."
"LOANING (Ill.).—The Loaning McKinley Club organized tonight with a membership of 150 voters, sends greetings to the next President, and assure him that the county representing the capital of Illinois is perfectly organized for protection and victory at the polls in November."

(Signed) "G. W. BAKER."
Dispatched calls today on Maj. McKinley were the Hon. R. P. and Mrs. Bland. They came here with the committee from Pittsburgh which made the trip from the Iron City to meet the Bryan party here. Mr. and Mrs. Bland had gone to Alliance, a city twenty miles east of here, ahead of the program, to have a speech of some length at that place by Bryan. While here Bland was told that an address would be made here and he was prevailed upon to take the train to return to Canton.

The time spent at the McKinley home by Mr. and Mrs. Bland was apparently very agreeable to both the honored callers and to Maj. and Mrs. McKinley.

HANNA AT CHICAGO.
CHICAGO, Aug. 10.—Chairman Mark Hanna of the Republican National Committee reached Chicago today. National Committeeman Durbin of Indiana, Payne of Wisconsin, Cummings of Iowa and Jameson of Illinois were waiting for a conference with the chairman.

BRYANITES CALL ON MCKINLEY.
CANTON, Aug. 10.—The Bryan Reception Committee from Pittsburgh, composed of about sixty prominent Democrats in that city, under Chairman Durbin, arrived in Canton at noon today and, finding they had nearly a two-hours' wait before the Bryan train arrived, decided to call upon Maj. McKinley. He was at home and was apparently very agreeable to both the honored callers and to Maj. and Mrs. McKinley.

CHICAGO, Aug. 10.—The World will print tomorrow a four-column "open letter to Mr. Bryan," asking him to define in his speech of acceptance his position on several planks in the Chicago platform. It says that upon many grounds the World stands with Bryan, instancing the income tax, opposition to tariff changes, hostility to trusts and monopolies and the boy in the bushes. It says that it is not in the least probable that Bryan will support the Chicago platform in regard to the Supreme Court, and condemnation of President Cleveland for putting down the riot at Chicago. It then antagonizes sharply the demand for free coinage, and tells Bryan this is the main reason for the disruption of the party.

The World says if Bryan can convince the undecided Democrats that it is safe for them to vote their party's ticket, the World will comply with Bryan's invitation to support him, not because "it is blind to the grave faults of the platform on which he stands," but "in spite of and against it with undiminished and unchangeable contempt."

At the conclusion of the brief address Maj. McKinley greeted each member of the delegation in person.

BLAND LEAVES CHICAGO.
CHICAGO, Aug. 10.—Richard P. Bland, accompanied by his wife, left for the East on the Pennsylvania limited last evening. They expect to join Bryan's party at New York, where Bland is expected to speak at the great ratification meeting. Gen. A. J. Warner, the well-known silver leader, came to Chicago yesterday from his Ohio home to have a conference with W. J. Bryan, after which he left for Washington.

He will join the Bryan party at Pittsburgh, and accompany it to New York. Gen. Warner, while waiting at the Clifton House to see Mr. Bryan, said that there was, in his opinion, no truth in the statement that the sentiment in favor of free silver was weakening.

MORRILL'S RENOMINATION ASSURED.
TOPEKA (Kan.), Aug. 10.—Nearly all the delegates to the Republican State Convention tomorrow have arrived in the city. Tonight it is generally conceded that Gov. Morrill will be renominated by the convention tomorrow.

"Cy" Leland, who was the backbone of the opposition to the Governor, now concedes the nomination of Morrill on the first ballot.

The Morrill men have decided upon C. M. Sheldon of Oseage county for chairman of the convention, and the opposition will support J. W. Greenlee of Hutchinson.

TELLER SCORES THURSTON.
DENVER (Colo.), Aug. 10.—A special to the News from the Columbia and Colorado, says Senator Henry M. Teller, accompanied by his wife and children, arrived in that city today. When asked by a reporter what he thought of the report that Bryan was employed by a silver syndicate, he said: "Thurston knows better than that. He had no business to assert such a falsehood. I felt like calling him down myself, but I understand it will be done by Bryan in proper season."

SAN FRANCISCO REPUBLICANS.
The St. Louis Platform Indorsed. Also Grove L. Johnson.

SAN FRANCISCO, Aug. 10.—The Republican County Convention convened in this city this afternoon and effected temporary organization by the election of Thomas H. Berkey as temporary chairman and Henry M. Teller as permanent chairman.

The report of the Committee on Platform and Resolutions, as adopted by the convention, indorses the platform formulated at the St. Louis convention. It also declares for good roads, demands the restriction of foreign immigration, indorses the course of Grove L. Johnson in Congress, and instructs the delegates to the Congressional Convention to renominate him.

Judson C. Brule was nominated by acclamation for State Senator. Charles I. Post, E. C. Hart and A. P. Callahan were nominated for superior judges. The convention adjourned at midnight.

It is understood that nominations for the various county officers will be made to anticipate the action of the State court in the event of that tribunal deciding the county government act unconstitutional.

SAW A GHOST.

Murderer Kelly Has a Spectral Caller.

It Points Out Blood on the Walls of His Dungeon.

Keeps Him Awake by Rattling Its Heavy Chains.

THE PRESENT INMATE OF THE HAUNTED CELL AT SAN RAFAEL THE FOURTH MAN TO MEET THE APPARITION. Scared Even Tramps.

BY THE TIMES SPECIAL WIRE.
SAN RAFAEL, Aug. 10.—(Special Dispatch.) Murderer Robert Kelly said he received a caller last evening whose company he does not care for. He stated that a ghost who visited him last night pointed out blood which the ghost had left on the walls of a haunted cell in the County Jail, and persisted in tearing up all the papers in the cell. Not content, he proceeded to draw heavy chains across the stone floor, and deprived Kelly of his night's rest. Kelly had a very dejected look this morning when Under Sheriff Hanlon went through the jail, and on being asked what was the matter, he described the ghost and its actions all through the night.

Kelly is the fourth man who has stated that he saw a ghost. The cell that the ghost visited is one in which two suicides have taken place. One was a Chinaman and the other a man named Argo, who was awaiting trial for larceny and who killed himself sooner than to go to trial. When his companions were enjoying a game of cards, he noticed a gurgling sound in his cell, and on the Sheriff reaching the cell he found the man dead, he having cut his throat.

The walls of the steel cell were sprinkled with his blood that was pointed out to Kelly last night by Argo's ghost, who Kelly claims, said to him: "Look upon my innocent blood and think what injury can be done to an innocent man."

The first one who saw the ghost was Lee Doon, who was hanged two years ago for murder. Next was Gelsbach, who tried to blow up Mrs. Bravo, and while undergoing his sentence told officers he could not possibly remain in the cell without going crazy. They refused to remove him, and Gelsbach died by the way to freedom and has never been seen since.

"Dutchy" Baker was the next victim of the ghost, and he pleaded guilty to murder in the first degree sooner than keep the ghost company. The next was Emilio Morales, who received a nine-year sentence for burglary. He said he received nightly calls from the ghost, and became used to him. The last is Kelly, and he is greatly disturbed over losing his sleep. Several tramps were confined in this cell at different times, and none has ever returned in San Rafael since his confinement.

WILLING TO MEET GREGGAINS.
Joe Choyinski is exceedingly confident of a victory.

BY ASSOCIATED PRESS WIRE.
SAN FRANCISCO, Aug. 10.—Joe Choyinski says he is willing to meet Alex Greggains, the heavyweight champion of the Pacific Coast, on September 2 next, or any time thereafter, inside of two months, if a permit can be obtained. Choyinski says he signed to fight Greggains because that seemed to be the surest proposition in sight. The most distant date for which a permit has been granted is September 2, and Choyinski says he will have a vacation of six weeks, during which time, of course, no permits can be issued.

Choyinski is exceedingly confident he can knock out Greggains in eight rounds, and says he will bet \$2500 he can do it. If he fails to do it, he does not want to receive any portion of the gate money, and full terms are willing to forfeit \$500 to Greggains.

JAPANESE STEAMSHIP LINE.
Aggressive Warfare Conducted Against the Two Old Companies.

BY ASSOCIATED PRESS WIRE.
SAN FRANCISCO, Aug. 10.—The Japanese Steamship Company, which recently arranged to run a line of steamships between Seattle and the Orient, has opened offices in this city, and begun an aggressive warfare against the Pacific Mail and the Occidental and Oriental Steamship companies. The passenger rates quoted show an average reduction of 10 per cent, as compared with the Pacific Mail. The first steamer will leave Seattle September 2.

For the present, monthly trips will be made, but three more ships, now building on the Clyde, will be put on as soon as completed. Besides cutting passenger rates, the company intends to make a strong bid for freight business.

FOUL PLAY.
The Body of A. W. Pile of California Found.

BY ASSOCIATED PRESS WIRE.
WASHINGTON, Aug. 10.—A. W. Pile of California, secretary of the National Silver Commission, was found dead in circumstances which lead to a suspicion of foul play. He had been missing since last Thursday. His body was found today under the aqueduct bridge.

When last seen he had considerable money on his person, but the money was missing when the body was discovered. A silver watch, however, had not been disturbed. There is no evidence of suicide. Pile was the son of ex-Congressman Pile of California.

Fire at Chico.
CHICO, Aug. 10.—The handsome residence of Malon Gray, near Dayton, about six miles from this city, burned last evening at 5 o'clock. There being no means of fighting the fire, the flames spread to the outhouses, which were also burned. The loss was about \$4000; insurance, \$2000.

Good News for Creditors.
WASHINGTON, Aug. 10.—The Comptroller of the Currency has declared a first dividend of 30 per cent. in favor of the creditors of the Merchants' National Bank of Seattle.

Jim Hall Arrested for Debt.
NEW YORK, Aug. 10.—Jim Hall was arrested tonight for a debt for board and his flight with Steve O'Donnell was declared off. A large crowd had gathered to witness it.

Dead in a Doorway.
PHOENIX (Ariz.), Aug. 10.—A blacksmith named Michael Gannon was found lying in a doorway this morning dead. The coroner's jury found that the deceased had died of heart failure, and that he was 50 years of age, and has a sister living in Los Angeles.

San Francisco Condition.
SAN FRANCISCO, Aug. 10.—The State Bank of California has issued a statement declaring the charges recently brought against the managers of the Hibernia Savings Bank unfounded, and stating that the bank is in first-class condition.

A BIG SUBSCRIPTION.

Over One Hundred Thousand Dollars Contributed to Religion.
(BY ASSOCIATED PRESS WIRE.)

OLD ORCHARD (Me.), Aug. 10.—At the Christian Alliance meeting here Sunday the contributions in cash and checks and jewelry handed up to the platform reached the amazing total of \$101,500. When Dr. D. W. Leachur stepped forward to make the announcement, he said: "Such a contribution in the cause of Jesus Christ has never before been known."

Last year the contributions at the same place amounted to \$70,000, and that was said to be the high-water mark. The Christian Alliance meeting began two weeks ago, and the attendance has been enormous. The largest single contribution was one of \$25,000, made by an estate, the name of which was not made known. From this splendid gift, the amounts ranged

WENT AGROUND AT FULL SPEED.

Divers Examine the
St. Paul.

The Vessel's Hold Filled with
Sea Water.

Apparently Little Hope Exists of
Saving Her.

Millionaire Campbell's Kidnaper
Caught in Oakland—Mexican
Customs Guard Shot by Bandits.
Mrs. Craven and Gov. Budd.

(BY ASSOCIATED PRESS WIRE.)
MONTEREY, Aug. 10.—The stranded
steamer St. Paul is still held firmly by
the rocks, and there are no immediate
signs of her breaking up. All day the
crew have been busy transferring the
freight from her hold to that of the
freight steamer Santa Cruz, which ar-
rived this morning. The divers have
sounded the hull and tonnage, state
that the boat is so firmly jammed on
the rocks that only a miracle can save
her. The hull is full of holes at the

THE WRECKED STEAMER ST. PAUL.
(From a photograph taken at San Pedro.)

places in contact with the rocks.
From the statement of the divers, it
is believed that the boat came ashore
at full speed. The water in the hold is
only six or seven feet deep, but rises and
lowers with the tide, showing the holes
are quite large in her bottom. The en-
gine-room has not yet been disturbed,
though some little water is in the
boiler-room, not enough, however, to
of any hindrance. Thousands of visi-
tors viewed the wreck today. The in-
habitants and fishermen are anxiously
waiting developments, as they expect
to gather in a great deal of salvage
should the boat go to pieces.

TEMPERATURE, PRECIPITATION.
Otherwise the weather conditions
of the past week.

(BY ASSOCIATED PRESS WIRE.)
SACRAMENTO, Aug. 10.—The follow-
ing synopsis of the weather for the
week ending August 10 is issued by the
State Agricultural Society in coopera-
tion with the United States Climate and
Crop Service, James A. Barwick, sec-
tion director:

The average temperature for the week
was as follows for the Weather Bureau
stations named: Bakers, 60 deg.; San
Francisco, 68; Los Angeles, 68; Red Bluff,
78; Sacramento, 72; San Diego, 58;
San Diego, 68. As compared with the
normal temperatures for the week, the
deficiencies: Fresno, Los Angeles and
Red Bluff, 5 deg.; Sacramento, San
Francisco and San Diego, 2 deg., while
Bakers has an excess of heat over nor-
mal of 4 deg. There was no rainfall,
which is the normal condition for the
entire State at this season of the year.
Fruit is fast ripening and is being
shipped, canned and dried. The ship-
ments during the week were larger than
at any other time during this season.
The grain harvest is about over and,
generally speaking, most excellent re-
ports are given; that is the yield
averages well, as compared with the
years. The cool and pleasant weather
has been good for workers in the vine-
yards and orchards, as well as the har-
vest fields, and is injurious to fruit-dry-
ing, as it discolors and thereby detracts
from its selling qualities. Hop-picking
will begin in a few days, but as prices
are very low, there will not be a full
crop picked.

The highest temperature reported was
101 deg. at Lime Kiln, Tulare county,
and the lowest 42 deg. at Yreka, Siski-
you county.

ANTI-CHINESE DEMONSTRATION.

Forty Railroad Laborers Driven
from Camp by Whites.

SISSONS, Aug. 10.—A demonstration
was held in Sissons yesterday against
Chinese laborers, employed on the new
McCloud River Railroad. The Demo-
cratic River train belt. A crowd of white
men, consisting of laborers, tramps
and men out of work, gathered and
incited each other to riot. After dark
Monday evening, a large crowd left for
the railroad camp, four miles from
here. They drove the Chinese about
forty in number, with their equipment,
from the camp to McCloud River, five
miles away. Several Chinese were
bruised with stones and clubs, but
none were seriously hurt.

Manager Van Arsdale, manager of
the Bicknoll Lumber Company, which
is building the road, says Chinese
employed because it is necessary to
finish the road this season. He prefers
white labor if the men will work steady.
The Chinese get the same wages as
white men, except board. Sheriff
Hobbs of Yreka will be asked for de-
puties to protect the road and the Chi-
nese will be kept in check. No further
trouble is anticipated.

BUDD THREATENED HER.

Mrs. Craven Drags the Governor into
the Will Case.

(BY ASSOCIATED PRESS WIRE.)
SAN FRANCISCO, Aug. 10.—Mrs.
Nettie Craven, in her deposition today,
testified that during the session of the
last Legislature she was sent for by
Gov. Budd. The Governor informed her
that Charles Fair, his client, had told
him that his father, Senator Fair, had
left a will in the possession of Mrs.
Craven. Senator Fair, in speaking of
the matter to his son, told him that
the will in Mrs. Craven's possession would
right him.

Gov. Budd demanded of Mrs. Craven
that she produce the will, and threat-
ened that if she refused that he would
send her to the penitentiary.
Mrs. Craven told today how Dr. Lev-
ingston had been chosen as executor
She and Senator Fair were discussing

the will and she advised him to ap-
point some one who had been kind to
him. Dr. Levington had attended Fair
night and day and he was accordingly
appointed.

KILLED FOR REFUSING DRINKS.

The Keeper of a Wayside Resort
Shot by a Highwayman.

SAN FRANCISCO, Aug. 10.—Word
was received this afternoon that August
Florentine, a saloon-keeper, had been
shot and killed at the four-mile house
on the San Bruno road.

The murder of Florentine was most
brutal and unprovoked. This morn-
ing Arthur Jackson, Billy Troy, Con
Hurley and Billy Peyton, young hood-
lums, entered Florentine's saloon and
ordered drinks. They were served and
ordered a second round. Florentine re-
fused to serve them without pay, and
Jackson drew a pistol and shot the
saloon-keeper through the heart. The
four men then walked away, and have
not yet been captured.

SHOT A CUSTOMS GUARD.

The Nogales Bank Robbers Heard
from in Mexico.

(BY ASSOCIATED PRESS WIRE.)
NOGALES (Ariz.), Aug. 10.—A courier
has just come from La Morita, a Mexi-
can customs station, about eighty miles
east of Nogales, eight miles south of
Bisbee, bringing information of the
shooting yesterday of one of the Mexi-
can customs guards by bandits, who at-
tempted to rob the bank last Thurs-
day. There were four in the bunch.
Two guards encountered them and the
bandits shot one in the shoulder, seri-
ously wounding him. It is thought he
will die.

Lieut. Col. Kosterlitzky has been
ordered to give pursuit, which will fol-
low to the Ajo Mountains. Word has
been received that the fellow ar-
rested by Sheriff Leatherwood at Bis-
bee Saturday will be tried for the rob-
bery of the postoffice at Sepulpa, N. M.,
about a week ago. A few days before
the Nogales robbery he bought a rifle
at Bisbee and paid for the same in
himself and money. The bandits think
the bandits will be taken in two days.

CAMPBELL'S KIDNAPER.

O. W. Winthrop is Arrested in Oak-
land in Disguise.

(BY ASSOCIATED PRESS WIRE.)
SAN FRANCISCO, Aug. 10.—O. W.
Winthrop, who is accused of kidnapping
James Campbell, an aged Hawaiian
millionaire, was caught in Oakland this
morning and brought to this city. Ever
since Winthrop's disappearance San
Francisco officers have watched the
house of one of Winthrop's friends at
the corner of Sixteenth street and Tele-
graph avenue, Oakland. This morning,
at 11 o'clock, Detectives Cody and
Samuels saw an old man wearing green
glasses and a hat, and a cane, ap-
proaching the house. They stopped him
and questioned him. The man said his
name was Al Brunson of San Jose, and
he was visiting his sister in Oakland.
Cody, however, recognized Winthrop in
spite of the disguise, and the fact that
Winthrop had shaved off his mustache
and changed his hair.

Winthrop protested his innocence of any crime, and said the
affair was the greatest hoax on record.
Immediately on his arrival here Win-
throp sent for an attorney, who advised
him to make a statement and to plead
innocently. The accused man would not
talk. When arrested in Oakland clippings
containing newspaper accounts of
Campbell's adventures were found in
his pockets, and \$60 in gold was con-
cealed in his clothing.

FLASHES FROM THE WIRES.

A London cablegram says the Earl of
Limerick is dead.

A Madrid A. B. dispatch says Bishop Jer-
onimo O'Sullivan died there last night after
lingering illness.

A London cablegram says that in the House
of Lords last night the Irish and the
Irish reading without division.

A cablegram from Rome, Norway, says that
the weather was very warm and the
eclipse of the sun was well observed.

A dispatch from Berlin to the London
Standard says that the general health
condition is good, and he climbed a hill
with his physician on Friday.

A Cairo cablegram says cholera again shows
an increase in the city. It is feared
the absence of reports from the camp of
the Egyptian forces in the Sudan has
withdrew from its former association con-
nection and become a member of the Asso-
ciated Press.

A Constantinople cablegram says Miss
Clara Barton, president of the American
branch of the Red Cross Society, is on
her return to the United States, her mis-
sion of distributing relief to the Armenians
having been completed.

A Washington dispatch says the statement
from U. S. N. Y., that a grandson of Rea-
dick, a former U. S. senator, had been
grand larceny, reveals the fact that some
for some time past has been using Admiral
Foot's name and reputation without right
or warrant.

The London Times' Berlin correspondent
says that the importance of the
commercial relations between Germany
and Venezuela, the government has promoted
Count von Rix, the diplomatic representative
at Caracas, to the rank of Minister Plen-
ipotentiary and Envoy Extraordinary.

A St. Petersburg cablegram says that the
observation of the sun's total eclipse, visible
in Northern Europe, Northern Asia and
Japan, which was expected to be a grand
spectacle, has proved a failure, both at
Vladivostok, on the west coast of Korea,
and at St. Petersburg, owing to the cloud
Sir Robert Ball of Cambridge conducted the
observations at Vladivostok.

Dr. C. E. Brown, who was recently in-
volved in a scandal in San Francisco, pre-
ached at the Church of the Covenant at Chi-
cago Sunday evening. A report that Rev. J. T. Blanchard's
congregation would refuse to attend be-
cause of the scandal was not confirmed
by the attendance at the two services.
Dr. Brown delivered his first sermon in Chicago
last fall, and was well received, and he
was, as far as could be learned, came from
the congregation.

The Silver Cure.

(Wichita, Kan., Eagle.) A Kansas
man was grieving terribly over the loss
of his wife. "Some one must divert that
man's mind," said the doctor, "or he will
go crazy." A man went in and started
to talk gold to him, and in three hours
the widower had the gold man jammed
under his arm, knocking the daylight
out of him.

THE MAYOR SHOOK HIS HEAD.

No Relief from Heat
Immediately.

Mercury Has Dropped a Little but
not Generally.

Death Reaping a Harvest in the
Eastern Cities.

One Hundred Victims in New York
City—Seven Fatal Cases at St.
Louis—Chicago Letter-carriers
Quit Work—Girl Clerks Faint.

(BY ASSOCIATED PRESS WIRE.)
WASHINGTON, Aug. 10.—Major Dun-
woody, the weather forecaster, scanned
the map tonight in vain for a pros-
pect of relief from the terrible heat un-
der which the country has been sweat-
ing for the past week. It was
slightly cooler in the Ohio Valley, and
the lower lake region was given a
slight breathing spell by thunder-
storms. The temperature has also fallen
slightly in the Mississippi Valley,
the mercury today registering but 92
deg., as against 98 at St. Louis and Chi-
cago yesterday.

But on the prairies of Nebraska, Kansas
and to the southwest along the Gulf,
humanity struggled to exist at
100 deg. The Atlantic coast, as far as
Boston, showed very high temperatures.
At the latter place it was 96 deg.,
which was also the maximum at Atlan-
tic City. The same temperature ex-
pected for the locality tomorrow.
Away up in the extreme Northwest,
in the Rockies, however, Maj. Dun-
woody saw a ray of hope. The barom-
eter had risen there today and had fallen
in the lower central valleys and the
lake region. If these high and low
areas develop, the hot spell will be
broken.

"But even that is two days away,"
said the weather sharp, as he shook his
head.

The temperature here today was not
as high as yesterday, the maximum be-
ing 93 as against 98 deg. There was one
death and six prostrations.

ONE HUNDRED DEATHS.

Frightful Mortality Caused in
Greater New York.

(BY ASSOCIATED PRESS WIRE.)
NEW YORK, Aug. 10.—The number
of deaths caused by the heat in Greater
New York is 131, and additional vic-
tims are being reported hourly.

The prostrations are almost num-
erous, and no accurate statement of
them can be made. Ambulances and
patrol wagons have been running about
all day, the sound of their bells being
coming familiar. Street-car horses
have dropped in the tracks by scores.
The city has been largely sus-
pended and many factories are tempo-
rarily closed.

Last night was the hottest of the
summer, the climax of the present
heat wave. The thermometer re-
corded 98 deg. at midnight, the highest
known in the city for years. The
morning brought no relief and at 8
o'clock in the morning the thermom-
eter stood 98 deg. and rose to 99
higher than at the same hour Sun-
day, but as the humidity was less in-
tense than on the preceding day there
was less discomfort in the atmosphere.
Early in the morning there was but 50
per cent. of humidity which is rather
below the normal. The maximum tem-
perature, however, was reached at 5
o'clock. These readings were taken on
top of the highest buildings in the city.
Street temperature taken in the shade
at a point near the center of the city
was 86 deg. at 5 a. m., rose to 97 at 11
a. m., to 99 at 1 p. m., to 102 at 4 p. m., and
fallen to 92 and further dropped to 89 at
9 p. m. Suffering has been much in-
tense in the tenement section, where
poor people are unable to get breathing
space. In these sections the charlatans
and quacks have been busy, and many
infants and children succumbing to
sunstroke.

Hospitals are obliged to call on
the police department to aid them in
responding to calls as their ambulances
could not cope with the number of
deaths reported. A number of
wagons were pressed into service to carry
heat victims to the hospitals. Many other
wagons were used to carry away dead
and dying.

At midnight there was no relief from
the strain of the past week and on
thousands of roofs in the city dwellers
were trying to find relief. A list of the
deaths today from the heat in
this city, Brooklyn, Jersey City, Ho-
boken, Brunswick, Newark and Staten
Island, give the names of seventy per-
sons.

NEW YORK, Aug. 10.—Although the
sky was overcast with clouds, there
was little apparent relief at noon today
from the intense heat. Some of the big
department stores have, during the last
few days, practically been turned into
hospitals. The girl clerks have fainted
by the dozens at their counters, and
many of them have been quit work on
account of the heat. Thirty-five have
died.

Last week 57 deaths were reported
to the Department of Health, which
is the largest for any week in many
years. It is estimated that over 1000
animals killed by the heat are lying
dying in the streets, and the authorities
admit that they are unable to
remove the animals promptly.

LATER—Ten additional deaths from
the heat have been reported tonight.

AT CINCINNATI.

CINCINNATI (O.), Aug. 10.—The heat
continues unabated. Charles Smith, a
saloon-keeper, died from the effects of
the heat.

THE STORM AT SAGINAW.

SAGINAW (Mich.), Aug. 10.—A light-
ning and windstorm caused \$100,000
damage in this city and vicinity early
this morning. The Jefferson-avenue
Methodist Episcopal Church was struck
by lightning and damaged to the
amount of \$50,000. Fifty other build-
ings and factories were unroofed or
badly wrecked. Hundreds of trees
were blown down and wires prostrated.

ELECTRIC STORM IN MICHIGAN.

DETROIT (Mich.), Aug. 10.—Very
heavy electric storms prevailed over
Michigan early this morning. Many
buildings were struck by lightning. At
Lansing and Central Michigan points
the storm was terrific, but the damage
was not great.

NO PROSPECTS OF RELIEF.

KANSAS CITY, Aug. 10.—The eighth
day of Kansas City's hot spell opened
with no prospects of relief. The
thermometer at 8:30 o'clock aver-
aged about 98 deg. and the heat was
as the day progressed a good breeze
came up and made the heat more bear-
able. The maximum report was 96 deg.

AS IF SCORCHED BY FIRE.

STERLING (Kan.), Aug. 10.—Sat-
urday the mercury was 100 deg. in the
shade and yesterday 102. Farmers say
the corn will not make over half a

tenement districts the agony was awful
to contemplate. The ambulances and patrol
wagons were on the run all night, bear-
ing victims of the heat to the hospitals.
The first death from heat reported to-
day was that of Fred Teiter, a laborer.
Herman Ash and Thomas Wonomom
were reported as having died of heat
during the night. The coroner's office
was never so busy.

AT ST. LOUIS.

Seven Fatal Cases—Four Deaths Not
Before Reported.

(BY ASSOCIATED PRESS WIRE.)
ST. LOUIS, Aug. 10.—There were not
so many prostrations today as on
previous days of the present hot spell,
a cool wind tempering the heat, and
there are prospects that cooler weather
will prevail for a time. At 8 a. m. the
thermometer registered 83, and 8 deg.
were added to this during the day.
This is 8 deg. lower than the highest
point reached here yesterday. Seven
deaths were reported, most of them
being victims who were prostrated
yesterday.

Four deaths from sunstroke, which
were not made public until today, oc-
curred last night.

TWO DEATHS AT INDIANAPOLIS.

INDIANAPOLIS (Ind.), Aug. 10.—
There were two deaths in this city
today as a result of the intense heat.

THE MILWAUKEE STORM.

Swept Down on the City with an
Awful Roar.

(BY ASSOCIATED PRESS WIRE.)
MILWAUKEE, Aug. 10.—At midnight
last night a heavy rainstorm swept
the city coming from the west. There
was a little warning of its approach.
The storm swept down on the city with
an awful roar, blinding flashes of light-
ning and terrific rolls of thunder. The
city was in a state of confusion and
there was a rattling of falling glass
and cries from the people rushing along
to escape its fury. The storm in high
buildings was a force of the storm in all
of its intensity.

On the bay the excursion steamer
Bloomer Girl, which lies between here
and West End, was believed to have
foundered, as it was known she had
started on her return trip just before
the storm broke, arriving at midnight.
The women and children on board
and they were panic-stricken, many
of the women fainting.

The storm which the steamer was packed
into was a disaster, for the passengers
were obliged to remain in the cabin
as they were. If the crowd had been
able to get out, the storm would have
ruined the city. The waves dashed high
over the vessel, but she plowed her way
through the storm and arrived at West
End safely.

The wind swung one of the bridges in
the river open and a street car, pretty
well filled, narrowly escaped going over
the draw.

Alarm is felt for a number of small
boats that were on the bay, and as soon
as the storm had spent its fury several
of them were reported to be missing.
To see any vessel or boat in distress.
The glass in many buildings was blown
out and several streets were unroofed in
places. The storm was a disaster to
the city. As far as known there has been no loss of life,
although it is impossible to learn anything
of the fate of the passengers. The wind
down, and nothing can be received from
points in the interior of the State, where
it is likely the worst effects of the storm
will be felt. A number of cellars in the
city were flooded and much property
was damaged.

CHICAGO'S DEAD.

Twenty-two Fatalities Sunday—Ten
Deaths Expected Today.

(BY ASSOCIATED PRESS WIRE.)
CHICAGO, Aug. 10.—The latest re-
ports show that the total list of victims
of heat prostrations Sunday numbered
22. Of these twenty-two are dead, ten
expected to die, and three driven in-
sane by the heat. Of the three driven
insane by the heat, one died, one is
in a hospital, and one is at home. A
number of other cases are being re-
ported, and another attempted to
slash his throat with a razor. The
dead are:

CHARLES BUCKLEY,
DECEASED.
JOHN CALOCHLETH,
GEORGE CARR,
CHARLES CHAMPION,
ROBERT DUD,
JOHN EMMIL,
JAMES GORMAN, 22 years old,
ROBERT GUIDO, 50,
MICHAEL HOGS,
JOHN HARTMAN, one month old,
PATRICK HARMAN, aged 35,
MARY JOYCE, aged 78,
WILLIAM LADE, aged 70.

MICHAEL MARZ, aged 17,
JUSTINE POLANSKA, aged 97,
STEPHEN SCHREIBER,
VINCENT STANLEY,
MRS. ELLA WALTON, aged 26.
An unknown man.

Those driven insane from heat are:
MICHAEL ERIGER, admitted to
hospital by cutting his throat with a
razor, now at his home in a critical
condition.

FREDERICK KRONE, took poison,
died at his home.

J. W. JOHNSON, a laborer, re-
turned insane, taken to the police sta-
tion.

The continued heat has greatly af-
fected police patrolmen and the letter-
carriers. About fifty of the latter have
been compelled to quit work, and two
or three may die. Some of the big de-
partment stores have, during the last
few days, practically been turned into
hospitals. The girl clerks have fainted
by the dozens at their counters, and
many of them have been quit work on
account of the heat. Thirty-five have
died.

Last week 57 deaths were reported
to the Department of Health, which
is the largest for any week in many
years. It is estimated that over 1000
animals killed by the heat are lying
dying in the streets, and the authorities
admit that they are unable to
remove the animals promptly.

LATER—Ten additional deaths from
the heat have been reported tonight.

AT CINCINNATI.

CINCINNATI (O.), Aug. 10.—The heat
continues unabated. Charles Smith, a
saloon-keeper, died from the effects of
the heat.

THE STORM AT SAGINAW.

SAGINAW (Mich.), Aug. 10.—A light-
ning and windstorm caused \$100,000
damage in this city and vicinity early
this morning. The Jefferson-avenue
Methodist Episcopal Church was struck
by lightning and damaged to the
amount of \$50,000. Fifty other build-
ings and factories were unroofed or
badly wrecked. Hundreds of trees
were blown down and wires prostrated.

ELECTRIC STORM IN MICHIGAN.

DETROIT (Mich.), Aug. 10.—Very
heavy electric storms prevailed over
Michigan early this morning. Many
buildings were struck by lightning. At
Lansing and Central Michigan points
the storm was terrific, but the damage
was not great.

NO PROSPECTS OF RELIEF.

KANSAS CITY, Aug. 10.—The eighth
day of Kansas City's hot spell opened
with no prospects of relief. The
thermometer at 8:30 o'clock aver-
aged about 98 deg. and the heat was
as the day progressed a good breeze
came up and made the heat more bear-
able. The maximum report was 96 deg.

AS IF SCORCHED BY FIRE.

STERLING (Kan.), Aug. 10.—Sat-
urday the mercury was 100 deg. in the
shade and yesterday 102. Farmers say
the corn will not make over half a

crop, the hot winds having worked
damage all over the country. Whole
fields look as if fire had passed through
them.

FORT SCOTT WITHERING.

FORT SCOTT (Kan.), Aug. 10.—The
extremely hot weather here still con-
tinues, and there is much suffering. At
noon the thermometer registered 102
deg. in the shade. Trees are dropping
their leaves, and vegetables and fruit
withering.

A DOWNPOUR OF RAIN.

CLEVELAND (O.), Aug. 10.—The ex-
cessive heat yesterday was relieved
this morning by a heavy downpour of
rain, accompanied by a high wind. The
force of the wind was so great that it
assumed the appearance of a hurricane,
with the trees and other objects being
damaged in neighboring towns.

PEORIA SWELTERING.

PEORIA (Ill.), Aug. 10.—Sweltering
hot weather continues this morning un-
abated. At 9 o'clock the mercury regis-
tered 92 deg. in the shade. There have
been three deaths in thirty-six hours.

The Commercial Egg, Size, etc.

(J. R. Megahan, Lincoln, Neb., in Cal-
ifornia Poultry Tribune.) While endea-
voring to select light-colored eggs for the
subject of poultry culture, we speak from
practical experience, and not from theo-
ry or hearsay. And when we stand back
while the more lastingly there was some-
thing to discuss the topic of which breed
will give the most eggs in a given
time; or, what breed of fowls will prove
most satisfactory as to all-purposes
fowl, we wonder why the proper solu-
tion is seldom, if ever, given.

Because I have Brown Leghorns
with individual records of 322 eggs in a
twelve-month period, does not imply that
this breed should be given first place as an
egg-producing breed. However, we be-
lieve in the fact that the Brown Leghorn
in this breed such material as will en-
able him or her to attain wonderful
degrees of perfection along the line of
egg production. There is much pleasure
and some money derived from the
breeding of poultry as viewed from the
farmer's standpoint; but we believe
that the more lasting pleasure and
a whole lot more money derived from
the commercial side of the enterprise.
Why, then, endeavor to arrive at the
best possible mode of obtaining
best results?

I herewith give my mode of build-
ing up a stock of fowls, or, one in-
tended as a general-purpose fowl; re-
membering, however, that when you
strive for many qualifications in a sin-
gle bird, you are sure to attain some-
thing in particular quality in so doing. If
you wish to produce a phenomenal laying
strain of Light Brahmas or P. Rocks
must surely do so at the expense
of size.

To go back to my subject of pro-
ducing Leghorns intended especially
as layers. We have seen that the
three-year-old hens which have
proved among the very best of my
stock as layers; these eggs are gathered
before the animals have been al-
lowed to escape and put under hens
already waiting to receive them. Tak-
ing it for granted that the parent stock
is strong and vigorous, and that the
hatch in eighteen or nineteen days,
and will give you such vigor and
vitality that you will be able to obtain in
no other way. In this way you give
the chick in its embryonic state the only
change of its environment, the proper kind
of start toward filling the egg basket
when arriving to maturity. Symme-
try and other standard requirements
need not be overlooked when striv-
ing for an ideal layer. While we do
not advocate large size in Leghorns

man cook, good worker, housekeeper, city or

country. Address 1117 S. SPRING ST. 11-

WANTED—SITUATION BY YOUNG WOMAN,

is good cook; country preferred. 118 W.

SIXTH ST. 11-

WANTED—LIGHT HOUSEWORK, SMALL

family. Address 326 BOYD ST. 12-

WANTED—To Purchase.

WANTED—A RESIDENCE LOT, NOT TO

exceed the combined circulation of any other

Los Angeles daily newspapers.

(2.) Attention is directed to the fact

that the NET as well as the GROSS circula-

tion of THE TIMES is shown regularly in

these monthly statements. The "returns"

are habitually small, but are always care-

fully reported and deducted from the gross

circulation. The natural fluctuation, and

according to the times and seasons, is

thus truly exhibited.

(3.) THE TIMES is the only Los Angeles

paper which has regularly published sworn

statements of its circulation, both gross and

net, weekly, monthly, and annually, for

past six years. ADVERTISERS HAVE THE

RIGHT TO KNOW THE NET CIRCULA-

tion of the medium which seeks their busi-

ness, and this THE TIMES gives them cor-

rectly, from times to times.

FOR
President.....WILLIAM MCKINLEY.
Vice-President.....GARRET A. HOBART.

REWARD.
Ten dollars reward will be paid for the arrest and conviction of persons caught stealing the Times from the premises of subscribers.
The Times-Mirror Company.

TO OUT-OF-TOWN READERS.
Subscribers to The Times visiting the country or outside during the summer months, can have the Daily sent to them for a week, or longer, by mail, by preparing for the same at the publication office, or can order and pay through their city carrier.

AT SEASIDE RESORTS—The Times is sent to Santa Monica, Long Beach and San Pedro by special delivery. It is forwarded to Avalon by a steam yacht chartered especially for the purpose. At all of the last-named resorts a prompt bicycle or horse delivery is made, and patrons who order the paper delivered through "The Times" local agents at these places will receive it much earlier than if taken through the mails.

TO TIMES PATRONS.
It is the endeavor of The Times to supply papers to patrons on all railroad trains in Southern California. Should any person be unable to secure copies when desired, he is respectfully requested to advise this office, giving particulars as to date, circumstances and train, that the fault may be located and remedied.
THE TIMES-MIRROR COMPANY.

THINGS POSSIBLE AND IMPOSSIBLE.

One of the stock arguments of the silverites is the broad and unqualified assertion that "this government is great enough and powerful enough to establish and maintain a financial policy of its own, without the consent of any other nation on earth." Young Mr. Bryan parroted this assertion several times on his journey from Nebraska to New York. It is one of the staples of the free-coinage contention, from Maine to California, and from the Lakes to the Gulf.

This so-called "argument" is merely a demagogical device to deceive the unthinking. It cunningly appeals to a commendable impulse of patriotism, and leaps to a conclusion without stating the premises upon which it is based, or the deductions which lead up to it.

Certainly, the United States is a great and powerful nation. It can adopt a financial policy of its own, at variance with that of all other civilized nations, if it so elects. It can change its standard of money, or of weights and measures, at will. Its Congress can pass a law providing that twelve inches shall be called a yard, or that two quarts shall be called a gallon, or that four quarts shall be known as a peck, or that two pecks shall be named a bushel, or that 3714 grains of silver shall constitute a dollar. But it cannot force any other nation to recognize such standards of measurement. Neither can it force any of its own citizens to part with 100 cents' worth of property for 50 cents, nor to pay 100 cents for property worth only half of that amount.

Congress might declare that half a bushel of wheat should be a bushel; but not all the power of Congress, with that of Billy Bryan, Jerry Simpson and Alford added together, can transform half a bushel of wheat into a bushel of the present size.

If we were to call twelve inches a yard, one yard would be only one-third the length of the world's yardstick, and whether buying or selling, the price of a "yard" of cloth measuring only twelve inches would be one-third that of a full yard of the same goods.

We might enact a law providing that hereafter two and two should make five, and that water should flow uphill instead of down. But we could not thereby change one of the fundamental principles of mathematics, nor alter one of the great laws of nature.

If we were to legislate against the laws of nature or the truths of science, we should only make ourselves ridiculous. Should we legislate against the recognized customs and the established standards of the civilized world, we should not only make ourselves ridiculous, but at the same time we should subject ourselves to great inconvenience and loss. There is absolutely no reason why we should place ourselves across the path of the world's progress; and there is every reason why we should not commit ourselves to so stupendous a folly.

Did the noisy theorists of the silverite faith, who prate so flippantly of the greatness and power of our country, ever ask themselves what they made us a great nation? If they would so request, they would discover that one of the chief sources of our development and prosperity lies in the fact that we have preserved our national honor untarnished; that we have always paid exactly 100 cents on the dollar, in as

TRYING TO PROVE TOO MUCH.

In its more or less disinterested anxiety to come to the assistance of Los Angeles, and aid us to "refute a base slander," the self-styled "Monarch of the Dailies," should try to be a little careful with its facts. In the third installment of the "refutation," a citizen of Los Angeles is quoted, who wisely refrained from giving his name, since he is made to say that, "in the immediate vicinity of this out-in-the-country Chamber of Commerce building there have been erected in the past two years alone structures which cost \$75,000,000, at a moderate estimate." Nor can this well be a typographical error for \$7,500,000, as the total value of all buildings erected within the city limits during the past two years, including business blocks, residences, barns and stables—was somewhat less than that.

Let us on this singular refuter is quoted as saying: "There are not any finer buildings in any city than the Bradbury Block, the Bryson Block, the Wilcox Block, or the five-story Bullard Block." It is true that these are fine buildings, but is not "in any city" rather too sweeping an assertion? Los Angeles scarcely pretends, as yet, to be architecturally the equal of Chicago and New York, not to speak of London, Paris, Vienna and Rome.

If this sort of thing continues, Los Angeles will have to exclaim: "Save me from my friends!"

CAUSE AND EFFECT.

In an address at a farmers' gathering last week in Western New York, Lieut-Gov. Saxton, speaking on the money question, said: "The bonanza mine has produced the same effect on the white metal that the bonanza farm has done on the corn of wheat." The bonanza farmer, through the quantity of wheat he harvested, brought down prices, and in the same way, increased silver production by the great bonanza silver mine owners has brought down the price of silver.

Referring to this, the New York Commercial Advertiser says: "Equally effective was the answer of Mr. Saxton to the charge that a gold dollar is a 200-cent dollar. 'If you are paid for your wheat in 200-cent dollars,' he declared, 'you are really receiving 130 cents a bushel for it, instead of 60.'"

What has the farmer to say in reply to that? Would it not be better for him to receive one of Mr. Bryan's "200-cent" gold dollars in payment of his wheat rather than one of Mr. Bryan's "200-cent" silver dollars?

ONLY TWO ISSUES.

While there are this year more than the average number of Presidential tickets in the field, voters should not allow themselves to believe that the political issues are mixed, and by reason of such belief say to themselves that they do not know what to do or how to vote.

As a matter of plain fact, this campaign is not a mixed one. Rather is it simple, simple as a, b, c. There are two platforms for the consideration of the country. One embodies the maintenance of sound, honest money, and advocates protection to American industries and labor. The other is for a dishonest currency, repudiation of debts, and no work for those who have to live by their labor.

These are the platforms. There is no misunderstanding them; there is no confusion of terms, nothing ambiguous in the language in which they are presented for the consideration of the people in this campaign. One maintains the honor and integrity of the American people, the other asks the American to dishonor himself and his country. This may seem an unnecessarily harsh way of stating the proposition, but it is the straightforward way, and in matters of this kind it is well to call things by their proper name.

REPUBLICAN PRINCIPLES.

Here is a paragraph from the St. Louis Globe-Democrat that should be read by all who are still struggling in the dim light of uncertainty: "It is true, as McKinley says, that Republican principles are that they can be submitted with safety and confidence to the intelligence of the educated men of the country. That has always been one of the party's sources of strength and success. In other words it is a party that has always had logic and wisdom on its side, and that has never catered to ignorance and folly for the promotion of its interests. The man who belongs to it is not obliged to resort to any kind of sophistry to justify his position. He has sound reasons to give for the faith that he professes, and his vote is cast on the basis of the best facts in American politics."

The Times gives this morning the last word of Dr. Theodore Cuyler of New York in regard to the present political contest. He was a patriot during the war of the rebellion, he has been a leading prohibitionist since the war, but now he says it is a time for "courageous voting."

We call attention to his entire article, but especially commend to thoughtful bread-winners, whether by hands or by head, the following paragraph in the receipt of what he calls "silver monometallism."

"It will force its fifty-cent dollar on every poor minister in his salary, on every servant girl in her payment from the savings bank, and on every soldier in the receipt of his pension. All this widespread mischief and peril of bankruptcy in many quarters will laire to the pecuniary profit of the rich silver mine owners, and to speculations in coin everywhere."

Dr. Cuyler is right.

Let silver advocates take note of the fact that Mr. McKinley, in his speech to the veterans on the 31st of last month, did not say that every dollar of the national debt must be paid, or would be paid, in gold, but he did say "in gold or its equivalent." A silver dollar is worth as much as a gold dollar in this country today, and McKinley believes in maintaining the parity of the two metals as long as such a thing is possible. We can maintain sound money and honest dollars by following the teachings of Blaine and McKinley.

Fake journalism reached its climax yesterday when a picture of the old steamship Ventura (formerly the S. sloop-of-war Resaca) which was wrecked at Point Sur in 1874, was palmed off on an unsuspecting public by the Herald for the Steamer St. Paul, wrecked at Moss Beach, near Monterey on Sunday night. Both vessels had three masts and one smokestack, and there all similarity ended. The Ventura had a straight stem, as in the picture, while the St. Paul had a heavy overhanging cut-water like the New York and Paris of the International line. Worst of all, the Ventura, at the time of her loss, was under the command of a man named Fiske, so the whole thing is a fake affair, from start to finish.

It is an interesting fact that the extreme heat which has been prevailing of late appears to extend over a large part of the world. From the central valleys of California and from all sections of the East have come reports of prostrations and deaths from sunstroke. Now it is announced that thirty-five persons died in one week from that cause in Koenigsberg, Germany. Some of the planet sharps should let us know what conjunctive tricks these heavenly bodies are up to, or whether old Sol has a bigger hole in him than usual. Meantime, it is once more in order to remind the "discontented" of this section that they should go down on their marrow bones once in a while and thank God for the privilege of living where extremes of heat and cold are alike unknown.

That rotten platform at Delphos, O., which saw its feet, carrying down 150 enthusiastic Bryanites, was symbolic of the still more shaky platform which was built by unskilled workmen for Mr. Bryan at Chicago, and upon which he invites his supporters to stand. Fortunately, no one was injured by the accident at Delphos. Those who accept Mr. Bryan's invitation to get upon the rotten platform cannot be sure of so favorable a result. The whole American people would be seriously injured if a majority of them should get upon Mr. Bryan's platform.

The Nebraska State Journal prints an exhaustive article on the money question by Hon. G. M. Lamberton of Nebraska, in which the writer maintains, and admirably sustains, that it is not more money that is needed but rather a rest from agitation over the currency question, and full use of the money now in the country. The article is a complete and able expose of the plot of the silver-miner owners to feather their own nests, while pretending to help the farmer and laboring man.

As Mr. Bryan is going to speak his piece at Madison Square Garden, in the city of New York, the Recorder suggests that the erection of a monster aeolian harp at that place would be in order. This would be in accordance with "the eternal fitness of things." Mr. Bryan is indeed a god of the wind. At present he typifies Zephyr, the wind of the west. After he has been on the stump a month longer, he will typify Boreas—with the accent on the bore.

For the low prices realized for California pears and peaches shipped from New York to London by the steamer New York, the growers and shippers of that fruit have only themselves to blame. If people calculate to send fruit to a market nearly six thousand miles away they should take precautions to pack it properly, and prevent its rotting for want of proper ventilation. Sixteen days in boxes will spoil any fruit that is not properly packed for shipment.

How Mr. Watson can expect any Bryan Democrat (granting that there is such a thing) to vote the ticket after what he wrote about the Chicago convention in his Populist paper is not altogether clear. He merely said: "The Democratic plan of campaign seems to be that Bryan is to run the windmill while Sewall runs the train. If Sewall rattles off his cash as fast as Bryan rattles off his speeches, times are going to become lively."

Watson should supersede Sewall as the logical candidate for Vice-President under Bryan, if there is anything in the "survival of the fittest." Mr. Sewall is a bank president, a railroad director and a millionaire shareholder who believes in discriminating duties against goods imported into America in foreign bottoms. Such a man is hardly the proper one to put on a swallow-tail coat and stand up as groomsman at the wedding of Populism and Democracy.

In the death of Lodowick U. Shippee the State of California has lost a witty and high-minded citizen. The writer of this article knew him well for forty years and can speak of him truthfully as a man who was industrious, public-spirited, kind-hearted and a nobleman by nature. For months he had been a great sufferer, and his legion of friends, while they regret his loss to the State, must feel relieved to think that he can suffer no more.

The Marin Tocsin goes on to compare Bryan with Christ, calling the latter the boy orator of Galilee. With the exception of their youth, there can be no fair comparison between the two, for one talked truths that have stood the crucial test of nearly twenty slow-rotting centuries, while the other utters the veriest balderdash. The Tocsin's comparisons are as illogical as they are blasphemous.

Senator Caffrey of Louisiana is one of those men who believes in calling a spade a spade. When asked whether the report that he would not vote for Bryan and Populism was correct, he promptly answered that it was correct, adding: "Party lines cannot hold a man to commit private robbery and public dishonor."

We hope that when Li Hung Chang reaches San Francisco they will "fire up" the Oregon and take the old victory down the coast through the Santa Barbara channel, to show him what sort of war vessels the shipyards of San Francisco can turn out. That will lead up to at least ten millions being spent in San Francisco for war vessels in the next five years.

What did you say, Mr. Sewall? Coax Tom Watson off the Pop ticket? Oh, no, Mr. Sewall. The distinguished Georgian has been there before. He gets his living by running for office, and has never heard of anybody being elected to office after he got off the ticket. Smother year, Mr. Sewall.

"The secret of prosperity is to have men at work and all the wheels moving," says Candidate Sewall. He should at once withdraw in

favor of Tom Watson, who has sixteen wheels in his head to Mr. Sewall's one; and not one single balance wheel among them, either.

Grover Cleveland was wont to take an encyclopedia with him on his speech-making tours, and his remarks were interlarded with liberal extracts from the same. Young Mr. Bryan's speeches have not even that saying grace. Mr. Bryan needs not only an encyclopedia, but a grammar.

It is stated by a collector of insurance statistics that the losses by fire in America annually are equal to the nation's product of silver and gold. Now, then, let somebody start up a new party based upon the free and unlimited coinage of ashes at the ratio of 16 to 1.

This is an age of mottoes. An aged London merchant has just sold out his business at which he had accumulated £80,000. His motto was: "First tire and then retire." The Bryan-Sewall-Watson outfit has its motto: "First fusion and then confusion." That's the size of it.

The caricaturists have had to draw the line at McKinley. Strongly marked as are his features, they afford but narrow scope for caricature and are as little susceptible of distortion as his long and honorable record, both as a brave soldier and an honest representative.

It is not McKinley's splendid personality alone that makes him the man for the hour. The fact that he is a man of the people and does not hold himself up as greater than his party, is the secret of his great and growing popularity. He will succeed Cleveland.

Mr. Cleveland's intimate friend, Don M. Dickinson of Michigan, does not mince matters when he says: "Read the speech is the keynote. The time has gone by for partisanship. It is now a question of patriotism." This looks as if he got his cue from the President.

The Alabama and Georgia Populists are not altogether pleased with results in the former State, and it is not unlikely that they will insist on a new candidate to take the place of Bryan, or else lay back till election day and then come out openly for McKinley.

The trolley in Chicago is keeping well up to its past record as a humanity smasher. During last month, July, there were, as stated by the Chicago Chronicle, seventy electric car accidents, in which eighty-one persons were injured, six of whom died.

Some journalists, comparing Arthur Sewall with Tom Watson, says that Sewall's "bar" is bigger than Watson's brain. That may be true, but Sewall's brain is larger than Watson's or he wouldn't be the happy possessor of the "bar" aforesaid.

It is the thoroughbred racehorse of England and not the politics of America that is engaging the attention of Richard Croker this year. Richard of Tammany says "Give me but to win the races of a nation and I care not who sells the pools."

It is said there will shortly be given in this city an amateur performance of Sheridan's comedy, "The School for Scandal." Is the cast of the play to include the members of the Council?

It is said that Mayor Rader considers his re-nomination by the Republicans assured. It is well for ambitious office-seekers to occasionally remember that there is a court of last resort. A nomination is not always equivalent to an election.

AT THE PLAYHOUSES.

ORPHEUM. It is doubtful if there is a vaudeville theater in America that is giving to its patrons a better programme than the one that is now on at this house and that was given its first airing last night. Every feature is a gem in its way, and the programme varied in character that all tastes are catered to. There is the slap-dash business of black cork acrobats, comedians and high kicking; dainty and airy dancing; some delicious bits of low comedy; singing of splendid quality and feasts by trained animals that one may see again and again with keen delight. Conlon and Ryder open the performance with their eccentric somersaulting and high kicking feats that gained such approval last week. Les Denatos, the one-legged clown grotesques, accomplish their seemingly impossible feats and John and Marian Monola Mason repeat their delightful operatic sketch, introducing new solos and duets, besides which the Masons render some elocutionary numbers that are rarely clever. He recited the telling skit entitled, "Bohemia," which brought down the house, and Mrs. Mason sang several numbers with a sweetness of voice and a graceful insouciance that won her new admirers and clinched the admiration of those who have seen her in light opera.

Ross Snow, the tramp of "1492," who was one of the bright particular stars of the production received an ovation. As a study in character his tramp sketch is inimitable. It is replete with humor and as a picture of vagabondage the fatness and long curly hair and again with keen delight. Conlon and Ryder open the performance with their eccentric somersaulting and high kicking feats that gained such approval last week. Les Denatos, the one-legged clown grotesques, accomplish their seemingly impossible feats and John and Marian Monola Mason repeat their delightful operatic sketch, introducing new solos and duets, besides which the Masons render some elocutionary numbers that are rarely clever. He recited the telling skit entitled, "Bohemia," which brought down the house, and Mrs. Mason sang several numbers with a sweetness of voice and a graceful insouciance that won her new admirers and clinched the admiration of those who have seen her in light opera.

Adrie Pavaone does some most airy and graceful stepping, her skipping rope dance being especially entertaining.

Of Lydia Yeamans Titus, The Times has on previous occasions exhausted its praise for her singing, her dancing and her variety of vocal and instrumental expression. She sang a stanza of "Sally in Our Alley" as few in the audience have ever heard it sung, playing her accompaniment on the piano, and an instrument that talks under the touch of her fingers; but of all her clever work, her simulation of the singing bird who launches into a fetching gurgling and "breaks down" in a flood of tears, is imitation a grade higher than the vaudeville stage, or any other stage for that matter, ordinarily affords. She is a very flood of lyric singing—bright, gay and clever and as pleasing as a sweetheart's smile. She is ably aided by Mr. F. J. Titus, who plays the piano with consummate skill and excels as an accompanist. Together they are one of the greatest attractions on the vaudeville boards.

Prof. Macart's great dog and monkey combination, which is made up of a collection of dumb brutes that show more intelligence than many people who argue the silver question, brings the bill to a happy conclusion.

The same programme was underscored for the entire week inclusive of matinees Wednesday and Saturday.

REPUBLICAN OUTLOOK.

NEBRASKA BECOMING MORE REPUBLICAN—NEW YORK STATE SAFE FOR MCKINLEY—SO IS SOUTH DAKOTA. NORTH CAROLINA FALLING INTO LINE—INDIANA SAFE.

(Special from Des Moines, Iowa, to St. Paul Pioneer Press, August 12.) Silver enthusiasm in Iowa is subsiding. The last ten days have brought indications of this from all parts of the State. Leaders on both sides, the men who keep their fingers on the pulse of events, agree to this extent. The silver men do not admit that it means a serious loss of strength to them. They say only that the silver men have been more active than they since the Republican State Convention, and the issuance of a call for the Democratic sound-money conference, and that when the campaign is opened on both sides there will be no relaxation of the silver enthusiasm. But just at present every indication is that they are whistling in the graveyard, and that the silver second thought of Iowa people is beginning already to convince them that they cannot afford to follow after the strange gods that were set up before them on the Chicago platform.

(Danbury News.) The Populists of Nebraska are getting badly mixed as to their views regarding the indorsement of Teller or any other man who receives the Democratic nomination for President. It is real fun to hear them wrangle among themselves on the corners. Some of them are heartily in favor of indorsing the Democratic nominee, while others declare that they will bolt the ticket if the Populists at St. Louis indorse the Democratic nominee. Any way you can figure it is a dead easy victory for the Republicans. Hurrah for Bill McKinley, protection and American industries, and a dollar that is as good as any other dollar!

(New York Tribune.) Gen. Horace Porter is a keen and intelligent observer. He returned from his tour through the central part of the State, in the course of which he made careful inquiries regarding sentiment on the silver question. He found very few Republicans who have been caught by the free-silver craze, but learned of many Democrats who intend to vote for McKinley—men of prominence and influence who realize that this is a time when patriotic citizens should get together. What Gen. Porter says will be read with interest and satisfaction by all believers in honest money and honest dealing.

(New York Mail and Express.) In South Dakota things are looking well, according to the reports of Republicans from that State who have visited the national headquarters. The reports from South Dakota seem to have only hurt Pettigrew, for he has gone completely into the Populist ranks. The reports from South Dakota seem to have only hurt Pettigrew, for he has gone completely into the Populist ranks.

(New York Mail and Express.) In Colorado the silver men who bolted at St. Louis with Teller as their leader have found themselves badly out in the cold. The Republican State Committee met in Denver on Wednesday, and to their dismay and astonishment the silverites discovered that the Republicans had a majority in the State Committee and had adopted the following resolution 42 to 18. "Be it resolved, That the best interests of the United States, as well as the interests of Colorado, demand the election of William McKinley as President and Garret A. Hobart as Vice-President."

(Lincoln, Neb., News.) The very encouraging reports that come in from all sections of the State indicate that the great strength of McKinley with the farmers and the laboring men made evident when they overthrew the bosses who attempted to deliver this State over to the favorite-silver combine, will find its greatest strength in the opposing forces that can be devised in Nebraska.

(Chicago Inter-Ocean.) Hon. Cyrus Leland, the member of the committee from Kansas, says that there is a big row on in his State between the Populists and Democrats over the division of electors and the Vice-Presidential question. Chairman Bridenbath is determined to look out for Watson and the Democrats want him sacrificed in Kansas. Mr. Leland says that he believes that McKinley will roll up a good majority in the Sunflower State.

(New York Mail and Express.) Reports from California are all of the favorable order. The bolt from Bryan among the Democrats is increasing. The Times the other day printed a long list of Democrats who were for McKinley, and in San Francisco, where feeling for sound money is very strong,

(Washington Post.) W. F. Gurley, a prominent Republican politician and lawyer of Omaha, was among Secretary Morton's callers yesterday. He reported that the Republicans in Nebraska are more harmonious this year than for long time past, and have every confidence that they can defeat Mr. Bryan in his home State.

(Phoenix Herald.) The conservative vote of the nation will be cast for William McKinley. The thinking men of the nation, laboring men, business men or professional, are not willing to trust themselves in doubtful hands.

(Portland Sunday Welcome Dem.) No capital will be invested, and as il-

the business requiring an outlay of money as possible will be done till after the November election. Then, when it is known that McKinley will be President and a sound-money majority has been elected to Congress, business will begin to do some good and capital will trust itself in enterprises.

(Washington Special to Chicago Inter-Ocean.) Representative Stetle and Pearson of North Carolina had over 100 in the city caucusing with Republican leaders regarding the conduct of the campaign in their State. They are both sympathetic in the matter, and it is probable that a fair count can be secured in North Carolina the Republicans will win by a good plurality.

(Detroit Journal.) The election of McKinley will mean protection. It will mean honest money. And every one who believes in honest money will bend every energy to the work of securing a triumphant election for McKinley.

(St. Louis Globe-Democrat.) Gen. Harrison gives it as his judgment that Indiana will certainly cast her electoral vote for the Republican candidate, and his judgment in a matter of that kind is worth 100 cents on the dollar.

(Santa Barbara Press.) McKinley clubs are springing up all over the land. This means the making of many voters for the man who stands for protection and prosperity.

(Adventures of an Intoxicated Youth.) Where He Landed.

A wild-eyed youth who gave the name of T. Meyers staggered down First street about 10 o'clock last night with every indication that he had overtaxed his capacity, at least Officer Blackburn thought so when he saw him at the corner of First and Wilmington streets. Blackburn was filled with compassion and he called the patrol wagon and ordered the crazy fellow to the City Jail where he would be safe for the night.

When the patrol wagon drove up to the station the man made a frantic break for freedom, and jumped over the side of the patrol wagon.

He was caught by the collar by the wagon-men before he could touch the pavement and hustled inside where he demanded what he was charged with. Once inside the drunk cell he awoke the members of the chain gang with his screams and to cool his fevered brow a stream of water from a garden hose was turned on him. The remedy had the desired effect.

(Insane Man Terrorizes a Family with a Butcher Knife.)

Armed with a huge butcher-knife, George Tomlinson, aged 23 years, while insane drove the members of his family from the house at No. 1316 Omaha street, late last night.

Tomlinson drove a violent last evening, and terrorized every one who came near him. A telephone message was sent to police headquarters, and Officer Richardson hurried to the scene. When he reached the house the crazy man sprang into a bedroom and piled all the furniture in the room against the door.

The officer, with the assistance of a citizen, pushed open the door, and wrested the knife from Tomlinson. He was then conveyed to the County Jail. Up to this time the insane Tomlinson was employed in the postoffice. Recently he was examined as to his sanity, but was not committed.

(Five Persons Go Down to Their Deaths Opposite Bridesburg.)

PHILADELPHIA, Aug. 10.—Five persons were drowned last night in the Delaware River opposite Bridesburg by the capsizing of a small row-boat. The victims are:

AMELIA HOLMAN.
ROSE BREININGER, both of this city.
CHARLES MINICK of Cincinnati.
JOHN T. REEDER, address unknown.
The boat was caught in a squall and upset.

(Fitch Again Arrested.)

W. P. Fitch who was arrested some days ago on a charge of embezzlement and whose examination on that charge was yesterday postponed, was arrested again on a charge of leaving the courtroom. The arrest was made by Detective Bradish on a warrant from San Diego charging Fitch with the same offense. He will be taken to San Diego today.

(Fell from His Cart.)

Dan Morey a driver of one of the city dirt carts, fell from his cart on Figueroa street last night and was run over. He sustained a bad bruise on his jaw and arm, and was taken to the hospital where he was treated at the Receiving Hospital and sent to his home.

(At New York Hotels.)

W. Swanson is at the Bartholdi. J. L. M. Levy is at the Broadway Central. N. Claypool of Pasadena is at the Fifth-avenue.

(THIS DATE IN HISTORY.)

A Daily Resume of Events for Your Scrap Book.

On August 11 of the years named occurred the following events which mark in the world's history:

HOLIDAYS.

Saints Euthimius, Chromatius, Susanna, Gery, Theobitus.

BIRTHS.

1673—Dr. Richard Meade.
1698—Jean Victor Moreau, sent to Cayenne.
1775—Viscount Rowland Hill.

DEATHS.

1822—Gen. Sir Samuel Auchmuty.
1880—James Wilson, founder of the Economical.
1888—Thaddeus Stevens.
1878—H. T. Montague, actor.
1880—Frank Hamer, musician.
1888—Lord Houghton, poet.
1888—Helen Hunt Jackson (H. H.).
1888—Dr. Frank Hamer, musician.
1887—Eliza Kinloch, actress.
1887—Sir R. G. Price, ex-M. P. from London.
1888—James M. Smith, banker.
1888—Bishop Amadeus Delmas, of the Moravian Church.
1890—Garrigue, Bill Wainman.
1890—Cardinal John Henry Newman.

OTHER EVENTS.

1764—Battle of Olegro, N. Y.

1804—Francis II, Emperor of Germany, abdicated to become Emperor of Austria.

1864—French cession of Sulplice Bridge Spring.

Indications Fair.

THE WEATHER.

U. S. WEATHER BUREAU, Los Angeles, Aug. 10.—At 5 a. m., the barometer registered 29.90; at 5 p. m., 29.94. Thermometer for the corresponding hours showed 60 deg. and 73 deg. Relative humidity, 5 a. m., 94 per cent.; 5 p. m., 61 per cent. Wind, 5 a. m., west, velocity, 2 miles; 5 p. m., west, velocity 7 miles. Character of weather, 5 a. m., cloudy; 5 p. m., clear. Maximum temperature, 79 deg.; minimum temperature, 53 deg. Barometer reduced to sea level.

The Times

ALL ALONG THE LINE.

Santa Ana now has two full-fledged political clubs, organized the same evening. It's a fair field and no favors for local distinction and the Republicans of Santa Ana should be, as they no doubt are, up and doing.

The fellow who wakes up this morning and learns that his name is not on the Great Register, and that it is "late," will feel like kicking himself out of bed; but that, too, would then be too late.

Juan Osuna, who died at San Diego at the age of 73, on Sunday, was the oldest member of the order of Native Sons of the Golden West. Juan was born at the San Diego mission in 1824. He contributed much valuable historical data to the historian of the order to which he was proud to belong.

The people on the Rialto tract are making a wholesale slaughter of rabbits this year. The animals have proven a source of much damage to young trees. On Wednesday there will be another rabbit drive, when probably thousands of animals will be killed. The hunters will start from Rochester.

The total registration of the county, compiled from returns received by County Clerk Newlin up to 5 o'clock last evening, aggregated 38,097. Of this number 25,812 were registered in this city. The total returns from outside precincts approximate 15,285. The final reports will not be received before Wednesday night.

Clerk Bell of the Board of Supervisors of Los Angeles county has received a letter from J. V. McDowell of Omaha, Neb., regarding the refunding of this county's bonded indebtedness. Mr. McDowell is at the head of a big financial concern, and says if the bonds are payable in gold his house will submit a liberal bid. And this comes all the way from Billy Boy Bryan's State!

A second case of fatal rattlesnake bite reported within a few weeks, occurred at Guadalupe Valley, Lower California, last week. A barefooted boy stepped on a rattler and was bitten in the calf of the leg. Although remedies were promptly applied, mortification soon ensued. The victim died. His body was swollen most horribly. The case of the boy at Campo, previously reported, was similar, except that the patient's body was not swollen in the slightest degree, nor did the boy experience any marked pain. This Campo case is regarded by physicians as something phenomenal.

MEETING OF PRESBYTERY.

Occidental College Affairs—A Pastor Goes to Another Field.

A meeting of the Los Angeles Presbytery was held in Immanuel Church yesterday at 10 a. m. The pastoral relation existing for the past seven years between Rev. R. H. Hartley and the Calvary Presbyterian Church of Riverside was dissolved that he might accept a call from the Presbyterian Church at La Brea, in Imperial county. The meeting was held in the hall of the college, within which his new field is located. After many warm expressions of affection for Mr. Hartley and of regret at losing him from the presbytery, a committee, consisting of Rev. J. H. Stewart, Dr. Parker, Rev. D. R. Colmery and Prof. J. M. Coyner, was appointed to prepare a paper expressive of the feelings of the presbytery in dissolving this pastoral relation.

The committee's report expressed the highest admiration for the character of the departing clergyman and appreciation of his work, and was unanimously adopted. Rev. H. B. Gage was appointed moderator of the Calvary Church session during the term of its vacancy. Encouraging statements were made in regard to the prospects of Occidental College. The west wing of the St. Vincent Hall on Hill street, near Sixth, has been secured for temporary quarters, and the college will open September 16. This location will afford the students facilities hitherto impossible. The college faculty is now complete with the exception of the chair of natural sciences, and this will soon be filled.

Rev. J. B. Taylor was received from the Presbytery of Trinity in Texas, and Prof. E. N. Condit was granted a letter of dismission to such presbytery as he may hereafter designate. The time of the approaching fall meeting of the presbytery was changed from September 22 to October 12, at 10 a. m. Immanuel Church will again be the place of meeting.

Rev. John R. McCartney of Pittsburgh, Pa., Rev. Robert K. Campbell, D. D., of South Salem, O., and Rev. F. D. Seward of Fresno, Cal., were present and were invited to sit as corresponding members.

ASSESSMENT VALUATION.

Nearly One Hundred Millions for This County.

County Auditor Dicknell yesterday completed his footings of the assessment roll of Los Angeles county for the year 1896, after correction and equalization by the Board of Supervisors. His report to the State Controller and Board of Equalization contains the following: Value of real estate other than city and town lots, \$23,744,380; value of city and town lots, \$38,228,805; value of improvements, \$23,611,470; value of personal property other than money, \$10,754,088; value of money, \$779,580; total value, \$97,118,330.

The Auditor's footings showed a total of \$98,797,180; showing a reduction by the Board of Supervisors of \$1,678,850. The Auditor's report for 1895 showed a total valuation of \$95,608,218, which makes the above figures show a net increase of \$1,517,012 for the year 1896. These figures do not include railroads, which are assessed by the State Board of Equalization.

IN SOCIAL SPHERES.

The wedding of Miss Cordelia Kingsley and William L. Worm took place yesterday noon, at the residence of the bride's parents, Mr. and Mrs. C. H. Alford, on West Twenty-fifth street. The ceremony was performed by the Rev. B. W. R. Taylor, in the presence of only the immediate relatives. Although the affair was quiet, it was one of the prettiest of the season. Mr. and Mrs. W. L. Worm will be at home Thursdays after September 20, at No. 221 West Twenty-fifth street.

NOTES AND PERSONALS.

A. G. Wells, general superintendent of the Atlantic and Pacific Railroad, accompanied by his family and a party of friends, arrived from Albuquerque, N. M., yesterday, in his private car, and, after spending a few hours in the city, proceeded to Santa Barbara. The guests of Mr. and Mrs. Wells are Mrs. Niell B. Field, Mrs. W. B. Childers and family and Felix Lester.

Mr. and Mrs. Walter B. Cline and little daughter, who have been at the Arcadia at Santa Monica for some time, returned to their pleasant home in Santa Monica yesterday.

Miss L. A. Adams of San Francisco is visiting her sister, Mrs. J. M. McPherson, for a few days. The Women's Suffrage Campaign Auxiliary of Precinct No. 307 will meet in the parlors of Mrs. R. H. Hewitt, No. 1027 South Hill street, on Wednesday at 8:30 p. m.

Co. C, N.G.C., with a number of guests, left the encampment at Redondo yesterday for a pleasant outing. The party, comprising about twenty couples, sailed over to Fisherman's Camp, where a luncheon was served, after which the sail was continued to Santa Monica, where they landed.

Miss Emily B. Carter has returned from a short visit at Portland, Or. Mrs. W. Gardner Cogswell and daughter are spending a vacation at Catalina.

POLICE COURT NOTES.

Nefrony Arraigned on Charge of Assault with Deadly Weapon.

John Nefrony, the first-street tailor, was arraigned before Justice Owens yesterday on a charge of assault with a deadly weapon, committed last Saturday.

It is alleged that he struck a collector for the American Wringer Company named Van Buskirk, a blow on the head with an ironing board. Van Buskirk is at the County Hospital in a serious condition, and Nefrony's case was continued till August 20.

Five Chinamen, named Ah Gay, Ah Tung, Ah Hin, Ah Quong and Ah Lee, pleaded guilty to violating the Sunday-closing ordinance, and were each fined \$5 by Justice Owens.

Tom Williams, who was arrested in the cabinet saloon by Officer Halcorn last night, charged with violating the Sunday-closing ordinance, was arraigned before Justice Owens yesterday and his examination set for this afternoon.

D. A. Warner was arraigned on a charge of violating the fire ordinance, and his examination was set for tomorrow afternoon.

Antonio Ramo's examination on a charge of assault with a deadly weapon was to have taken place before Justice Morrison yesterday, but was continued until this afternoon.

The case of W. P. Fitch, charged with embezzlement, was to be re-set and Charles Melnhard's case on a similar charge was continued till August 25.

HELD FOR SECURITY.

Mrs. Fitzsimmons Refuses to Surrender Two Children.

Mrs. Fitzsimmons, who lives on Philadelphia street, broke the record in the way of collateral security, and required the efforts of Chief of Police Glass, Officer Long and Attorney Phillips to straighten matters out. Some months ago Charles Fitzsimmons went on a prospecting trip to Inyo, and left his two children in care of his mother, while his wife went to work to make a living until he could send her some money. He prospered in Inyo county, and a few days ago sent for his wife to come to the camp. She went to her mother-in-law to get the children, and was informed that she could not have them till \$20 for their care was forthcoming. The husband was informed of the status of the case, and sent the money, but Mrs. Fitzsimmons, it is said, refused to deliver the children. The mother visited Attorney Phillips and he called on Chief Glass, and laid the matter before him. The result was that Officer Long accompanied the attorney and his client to Mrs. Fitzsimmons's house. The officer remained outside for a while, until he saw there was no prospect of a compromise. Later Mrs. Fitzsimmons yielded, and the mother took one of her children home with her. The other child, and will be brought back by its mother today, and the two will join Fitzsimmons.

Bold Sneak Thieves.

The wholesale dealers on Los Angeles street have been annoyed much of late by a couple of daring sneak thieves who operate during the busiest hours of the day. Their plan is to watch their chance and when unobserved, they enter the stores, steal any of the articles piled up on the sidewalk that can be safely carried off without exciting the suspicion of passers-by. They succeeded yesterday in "lifting" a number of articles of value belonging to Haas, Baruch & Co., and, though seen by employes of a store across the street, succeeded in making good their escape before a policeman could be summoned. The thieves are described by those who saw them as being well dressed.

Preparing to Celebrate.

La Junta Patriotica de Juarez met last evening at No. 621 New High street. After the installation of the officers chosen at the last meeting, a Committee on Official Programme was appointed, consisting of J. S. Dedona, J. Tapia and R. F. Sepulveda. J. Romero, L. Rivera and R. F. Sepulveda were appointed as a Committee on Finance, and J. Romero and L. Rivera a Committee on National Songs. The Junta will meet in the same place August 16 at 8 p. m.

BIG FAN-TAN GAME.

Deputy Constable James Frightens Glendale Chinamen.

Deputy Constable James of Harry Johnston's office went out hunting Sunday. When he left he did not intend it should be a man hunt, but that was exactly what it terminated in. Early last week James heard that there was a big fan-tan game running near Glendale, and on his way home Sunday he decided to investigate. When he got near Glendale he saw about two hundred Chinamen, who are employed as section hands, on the Southern Pacific, gathered in a grove of trees. James stealthily approached and saw in the middle of the group a large fan-tan layout, on which thirty or forty Chinamen were playing.

The constable elbowed his way through the crowd, but his appearance alarmed the gamblers and they fled precipitately, taking with them the money, but leaving the layout behind. James took possession of it and a number of Chinamen attempted to take it from him, but were prevented. A search was made for the dealer and cashier of the game, but they could be found, and as the players had taken all the money with them there was not sufficient evidence to secure a conviction and no arrests were made.

KICKED THE BRICK.

A Wise Chinaman's Joke on Police Officer Ritch.

There is one wise Chinaman in Chinatown, and he is enjoying a huge joke on Officer Ritch. The policeman's brother officers are also enjoying the joke. It all happened in this manner. The Chinaman had encountered the No. 10 boat of Ritch for lagging in front of a window on Alameda street, and he vowed vengeance. He placed a brick in the seat of his baggy breeches, and took his stand in front of the window again. Ritch came along and let out his foot. His aim was good, but he thought he had kicked the brick wall, and howled with pain. The Chinaman, with a jeering laugh, fled down the street and Ritch bribed his comrades to keep still about the matter, but he went on his vacation yesterday, and the story came out.

Struck a Neighbor.

William Goldringer was arrested by Officer Miles Long yesterday on a charge of battery, it being alleged that he assaulted one of his neighbors. He gave bail for his appearance in Police Court this afternoon.

The Delineator

For September is the finest fashion magazine ever issued by the Butterick Publishing Co. It contains no less than nine full page colored fashion sheets. We believe it to be all the Butterick Co. claims for it, the finest number of any fashion magazine in the world. The price has not been advanced, it still remains at ONE DOLLAR a year. No lady who has a household to look after can afford to be without this magazine; single copy 15c, mailed free on receipt of the price. For the past year the Delineator has been improving. The past six months has shown wonderful improvements.

The September patterns are now on sale; fashion sheets free to all applicants, mailed free to any address. We have largely increased the pattern department. We have almost doubled our order for fashion sheets. We want every lady to have one of these sheets free. If you can't come yourself ask your neighbor to bring you one. We want to largely increase the pattern sales, and we want to double the Delineator list. Won't you be one of the first to subscribe for this most excellent magazine?

Special today, Ladies' Wrappers, Nightgowns and Children's Dresses. Price has touched the lowest point for today's selling.

Yesterday the trade took a big jump upward. Looked like old times. Every department came to the front with a good strong increase in trade. We hope to make it better today.

Buttermilk Toilet Soap 3 cakes for 10c. Hair Brushes, real bristles, 25c and 50c. Tooth Brushes, 5c, 10c, 15c, 25c, very much under regular price. Feather Boas, 50c, \$1 and \$1.50.

Council Ready to Annul Main- street Paving Contract.

City Attorney Recommends that Such Action Be Taken.

Manuel F. Coronel Confined in Jail Over Night for Contempt of Court—Some Damaging Evidence Against George Mings.

At the City Hall yesterday the Council held its usual weekly session. The Main-street paving matter was discussed again, the City Attorney recommending that the contract with J. T. Long be annulled. Bids to supply furniture for the new City Jail were received and referred to the Building Committee, with bids to place electric fixtures in the jail. The contract to supply bread to the city prison was awarded the Meek Baking Company.

At the Court house yesterday Manuel F. Coronel was ordered imprisoned in the County Jail over night for contempt of court. The notorious Alameda-street fence is in the Court. The court has ordered the Rose-Lankershim property sold. The Board of Supervisors had a busy day; contract for County Hospital plumbing was awarded to the Superior Plumbing Company; changed, and ordinance adopted respecting voting precincts.

AT THE CITY HALL.

DIRT DISCUSSED.

COUNCILMAN KINGERY TRYING TO SAVE A STREET.

Queer State of Affairs in the Fourth Ward, Where Sixteenth Street Is Located—A Contractor Who Needs a Deal of Dirt.

The City Council met in regular weekly session yesterday. President Teed in the chair, and all the members present.

The final ordinance for the improvement of Beaudry avenue was presented by the City Clerk and was at once adopted by the Council.

The bid of the Meek Baking Company to furnish bread to the City Prison at 17-100 cents a pound was accepted by the Council on the recommendation of the Supply Committee, the City Attorney being instructed to prepare and present the necessary contract and bond.

The reports of the Finance Committee, Sewer Committee and Board of Public Works as already published, were adopted.

Councilman Kingery succeeded in having several motions adopted, in relation to Sixteenth street, and the dirt which Contractor Dodd tried to take from the street last week. The first of these motions instructed the Street Superintendent to take up the dirt from Sixteenth and Hardie streets, the second instructed the Street Superintendent to not issue any more permits to take dirt from Sixteenth or Hardie streets, and the third instructed the City Engineer to determine the lines of Sixteenth street from Beaudry street to the last motion will cut off any one from purchasing land along Sixteenth street which is properly a part of the street, a proceeding which it was rumored a contractor intended consummating last week.

The question of making a few repairs upon the City Jail, as recommended by the boiler inspector, was referred to the Building Committee.

The petition of ex-Mayor Workman for an electric street car line from the Plaza to Boyle Heights, as published in The Times of Sunday last, was referred to the Board of Public Works. The recommendation of the board was accepted, and Clyde R. Eby, who has been a substitute for several months, was appointed to fill the vacancy.

There being some irregularity in the proceedings for the improvement of East First street, the clerk was directed to throw out all bids and readvertise for proposals.

The Health Officer recommended the construction of sewers on the following streets, his recommendation being referred to the Sewer Committee: On College Place, between Ninth and Tenth streets; on Central avenue, between Seventh and Eighth streets; on Fremont avenue, between Sixth and Third streets; on Pearl street, between Sixth and Third streets; on Flower street, between Court and Temple streets; and a sewer district within the following streets, viz.: Eighth street, Hawthorn, Fourteenth street and Central avenue. On Stanford avenue, from Ninth to Thirteenth streets; on Central avenue, from Ninth to Fourteenth streets.

Councilman Kingery succeeded in having a motion adopted instructing the City Engineer to prepare and present the necessary ordinance granting permission to property-owners to improve Twelfth street, between Main and Hill streets, by paving the street, and the present proceedings abandoned.

THEIR PATIENCE EXHAUSTED. The Council received the following petition, in reference to the Main street paving contract, which was read and filed, as the matter was expected to come up in the afternoon on the report of the City Attorney:

"We respectfully call the attention of your honorable body to the fact that a few weeks ago the property-owners of Main street, between Ninth and Thirtieth streets, were before you requesting relief in the paving contract of J. T. Long, and that Mr. Long then and there appeared by his attorney, John T. Jones and promised the Council that he would begin active work on the grounds and be laying by the first day of August, 1896, fifty 10,000 square feet of concrete, and that the property-owners and the Council would be patient with him. The first day of August has come and gone and Mr. Long is still doing nothing. The contract, to the great disappointment and damage of the property-owners, we therefore respectfully request your honorable body to take steps as are necessary to afford relief to the property-holders in the premises."

FURNITURE BIDS.

The Council yesterday received a number of bids, in answer to an advertisement for proposals to supply electric fixtures and furniture for the new City Jail.

To supply lighting fixtures for the jail, W. G. Hutchison proposed to do the work for \$653.40; the Fenton Metallic Company proposed to supply metallic cases as per design submitted for \$633.40; G. L. Stearns proposed to put in the fixtures, as specified by the Fenton Metallic Company, for \$2973; the Los Angeles Gas and Electric Fixture Manufacturing Company submitted three sets of specifications, the price of the first being \$725, the second, \$590, and the third \$1275.

To provide furniture for the court-

rooms in the new jail building, C. F. Weber & Co. proposed three sets of furniture, of varying qualities, for \$2461, \$3510.20, and \$3410.60, all of which were to be returned to the city with the exception of a few settees, which are to be made of spruce. The Office Specialty Manufacturing Company proposed to supply two metallic cases for \$332.50 each. All of the bids were referred to the Building Committee.

MOTIONS.

Motions were made in the Council yesterday as follows:

By Councilman Kingery, that the City Engineer present an ordinance on the sidewalk on Seventh street, between Pearl and Moor streets. Adopted. Also, that the Los Angeles Railway Company be directed to take up its tracks on Ninth street, between Burlington and Alvarado streets. Adopted. Also, that the contractor on Stewart street be allowed thirty days' additional time.

By President Teed, that the City Engineer establish the grade of Bryant, Forrester, Clinton and Maxwell streets. Adopted. Also, that the City Engineer be directed to lay main on Jefferson, Twenty-ninth and Adams streets west of Hoover. Adopted.

By Councilman Munson, that the City Engineer be directed to lay a four-inch water pipe on Pearl from First to Sixth street, and on Second street from Pearl to Fremont avenue. Adopted. Also, that the Street Superintendent be directed to cut the curb on Sixth and Seventh streets, where the alley has lately been opened between Main and Spring streets. Adopted.

By Councilman Ashmun, that the Los Angeles Railway Company be directed to at once remove its poles, wires and rails from Wall street, between Third and Seventh streets. Adopted. Hospital plumbing was awarded to the Superior Plumbing Company; changed, and ordinance adopted respecting voting precincts.

By Councilman Kingery, that the Street Superintendent be directed to clean up the gutters on Ohio street, from First to Second streets. Adopted.

AFTERNOON SESSION.

City Attorney's Report on the Main-street Paving Job.

There was an air of somewhat anxious expectancy on the faces of the Councilmen when the clerk, at the beginning of the afternoon session, announced that the report of the City Attorney was ready to be acted upon.

That official was expected to give the Council some advice as to what could be done with the Main-street paving contractors, who do not pave. The Councilmen were not disappointed. They received advice, and plain advice at that. The City Attorney recommended that the Council annul and cancel the contract between J. T. Long and the city, to pave Main street. He prefaced this recommendation with a succinct explanation of the entire matter, his report reading as follows:

"At your last meeting you instructed me to advise you as to what can be done to have the paving of Main street proceeded with. During the last week I have been assured by parties interested in the contract that a full force of men would be put upon the work and that the work would be done with diligence, and that it would not be necessary for you to take any further measures in the matter. But so far from this, the work has not been done up to the street today, and I am led to believe from repeated failures upon the part of the contractor to proceed with the work that he is unable to substantially comply with the terms of his contract will be made until there is a decision of the Supreme Court as to the validity of street-improvement bonds."

"However much the contractor may be disinclined to enter upon a work of the magnitude which he is undertaking, the validity of the proceedings, he cannot expect the city and the people on this street to wait until he has a decision of the courts. The same uncertainty existed when he bid upon the work as exists now. The people on Main street are entitled to relief in this matter. The Council has the duty to recommend that you order the contract hereafter entered into between the city and John T. Long canceled and annulled, and that the City Engineer be directed to comply with its terms and conditions, especially that condition which provides that the work shall be diligently prosecuted until completed. The City Engineer be directed to notify Mr. Long that his contract has been canceled and that he will not be permitted to do any further work thereon under said contract."

"Reclamations of approval were heard from various members of the Council in view of this advice, and the report was about to be adopted when Deputy City Attorney Crutcher intervened. He said that he would like to hear the last hour word had come to him that material and men were being sent to Main street and that work was to begin in earnest at once. He therefore suggested that the City Attorney's report be referred to the Board of Public Works until tomorrow morning, when the Council is to meet in special session. At this time it would be known whether the paving contractors meant business or not and they could then act with accordingly. His suggestion met with the approval of the Council and the action outlined in the suggestion was taken."

MATTERS OF LAW.

Other matters referred to the City Attorney were reported upon as follows:

"In the matter of the petition of Jennie M. Brockway, referred to the Land Committee and by them to me, I recommend that the petition be granted and an ordinance prepared in accordance with the terms thereof." Adopted.

"In the matter of the suit of C. A. Smith vs. the city, I would recommend that a disclaimer be filed, reserving a right-of-way herein for Janja No. 1." Adopted.

"In the matter of the fees of the Board of Engineers which you have again referred to me, I am of the opinion that the Board of Engineers are entitled to a fee as provided in the ordinance for each regular meeting of the board that they attend. The only question that is in dispute is the question of whether or not the meetings charged for in the demands under consideration were regular meetings. The minutes of the board designate them as special meetings, but I am informed that these were clerical errors on the part of the secretary and that these meetings were held as regular meetings under an agreement made between the members of the board by reason of the great press of business during the months following the creation of this department. If these meetings were, in fact, regular meetings, held pursuant to the provisions of the ordinance, entitled to fees therefor, I would advise that your Finance Committee bear a statement from the Board of Engineers as to the facts of these statements, and that the meetings charged for were regular ones and were necessary for the proper transaction of the business of the board, the demands should be paid." Adopted.

CITY ENGINEER'S REPORT.

The City Engineer presented his

weekly report to the Council, the same being acted upon as follows:

"The South Side Irrigation Company has completed the construction of a new water line, between Main and Washington streets, to a point in the southern charter boundary, 546 feet easterly from the point of intersection of the east line of San Pedro street with the north line of Jefferson street, and is now ready for acceptance at your hands." Referred to the Sewer Committee.

"The protest of Z. T. Snyder against the grading of Fourth street, between Pearl street and Fremont avenue, represents one-half of the frontage on the proposed improvement." Protest deferred by Council.

"In the matter of the petition of D. N. West, regarding the grade of Kingsley street, between Thirtieth and Jefferson streets, the grade has been established from Thirtieth street to the charter boundary of the city, but from the charter boundary to Jefferson street, about 400 feet in the newly annexed territory, the grade has not been established." Received and the City Engineer instructed to establish this grade.

In addition to the foregoing the Engineer presented ordinances of intention to improve streets as follows:

To improve Connecticut street, from Vermont to Blaine street, to be opened.

To improve Santee street, from Eighth street to Ninth street. Referred to the Board of Public Works.

To improve Union street, from Date street to Avila street. Referred back to Engineer.

To establish grade of Twelfth street, from Westlake avenue to Alvarado street.

To establish grade of Echandia street, from Bridge street to Brooklyn avenue. Adopted.

To change the name of Mateo street to Shafer street. Adopted.

To construct a sewer on Macy and other streets. Referred to the Sewer Committee.

The Council then adjourned until tomorrow morning at 11 o'clock, when the contract to provide furniture for the new City Jail is expected to be awarded.

AT THE COURT HOUSE.

CORONEL BEHIND BARS.

GIVEN A NIGHT'S IMPRISONMENT FOR CONTEMPT OF COURT.

Some Testimony in the Yndart-Coronel Fight for Wealth—Manuel Coronel Will Tell All About that "Forged Instrument."

The Yndart-Coronel land contest was resumed in Judge Shaw's court at 2 o'clock yesterday afternoon.

That official was expected to give the first witness called by the defense, He produced enlarged photographs of the various signatures of the contested documents; he also exhibited a photograph of the enlarged genuine signature of A. F. Coronel, which was admitted in evidence, as well as the negative plates.

Peter L. Ducasse testified that he was present at the time Mrs. Garfias's deposition was taken, and she explained the manner in which the corner of the paper was torn off. He said that he was not the interpreter in an examination before Mr. Udel on November 30, at which time Mrs. Garfias made the statement that the instrument was forged when cut, but corrected her statement when her lawyer suggested the impossibility of it being folded at the time evidenced by the manner of one corner of the paper being cut off. Ducasse said that he was not the interpreter for Mrs. Garfias.

Maj. Bell now jumped to his feet in great indignation and asked the witness if it was not true that he had said him to be put out of the room as an interpreter on account of his refusal to give correct interpretations. The witness said he was not the interpreter for Mrs. Garfias.

Mr. Logan's attorney now asked the defendant if he was not the one who had been made that he had possessed no property since the first of July, 1896, he had not been that on July 8, 1896, he had been a bona fide owner in the sum of \$600? The defendant admitted such to be the fact, but declared it was through inadvertence.

did not wish to testify in this cause on account of an agreement with Mrs. Coronel, through which he was to be relieved of his indebtedness to the bank, or so much thereof as may be necessary.

The property in question possesses a building used for boarding or rooming purposes and is situated on West Third street, in the rear of the Byrne Block.

NEW CITIZENS.

Twelve Applicants to the Elective Franchise Admitted Yesterday.

The following persons were admitted in Judge Shaw's court yesterday: Albert Conder, Prussia; N. P. Nelson, Sweden; John Goldie, Scotland; Alfred Swenson, Sweden.

Before Judge Smith: Frederick Wilf Naumann, Germany; Alfred Swenson, Sweden; Fritz Von Der Loh, Germany; George William Sharp, England; Henry Miller, England.

Before Judge Clark: Richard Otto, Germany; Frank Wilson, England. John Baile, a native of Canada, was admitted in Judge York's court.

Searched a Constable's House.

Constable De la Monte's house, at No. 248 North Flower street, was burglarized Sunday night, between the hours of 9 and 11 o'clock p.m., during which the occupants were at church and calling at the home of a friend.

Trunks, bureau drawers, boxes, etc., were thoroughly ransacked, the contents being thrown upon the floor and the room was left in disorder. A purse containing \$2.50 was taken, but a gold watch hanging upon the wall of a closet was overlooked.

Suit for Maintenance.

M. E. Klass has filed an action against Valentine Klass for permanent alimony in the sum of \$35 per month. The plaintiff represents that she is 50 years of age and unable to support herself; that her husband receives a salary of \$15 per week, and has unencumbered property of the value of \$2000, and no person other than plaintiff dependent on him for support.

City Bank Property.

In the action of Miller against the City Bank, the annual report of the receiver was heard in Judge Shaw's court yesterday and taken under advisement. The receiver was directed to prepare and file a petition for the sale of all the assets except the Walnut street property and taken under advisement. The receiver was directed to prepare and file a petition for the sale of all the assets except the Walnut street property and taken under advisement.

Criminal Libel.

Assistant District Attorney Williams drew up a complaint yesterday, at the instance of Mrs. Amanda Laragubel, against F. de P. Gutierrez with criminal libel, having published in the La Gaceta an article relating to her son, in which the translation of the headline of the article reads: "Son of a Cat-Kitten."

Rushton Is Wanted.

Deputy County Clerk Kuts has received a communication from T. C. Masteter, department commander of the Grand Army of the Republic, inquiring as to the whereabouts of Albert Rushton, a machinist and boiler-maker. The commander has information of important information in the missing man. The letter is written from San Francisco.

Long Beach Trustees.

The mandamus proceedings to compel the Long Beach Trustees to canvass the disincorporation election returns was heard, argued and submitted in Judge Clark's court yesterday. A decision is expected soon.

Granted Counsel Fees.

In the action of Catherine Nusser against Anton Nusser, Judge York made an order yesterday directing the defendant to pay counsel fees in the sum of \$250 and costs in the sum of \$50. The motion as to alimony was denied without prejudice.

Behind Closed Doors.

Mrs. Catherine Smalley's proceedings against Christian Smalley for divorce were had behind closed doors in Judge York's court yesterday. A decree had not been reached at a late hour.

Complaints for Divorce.

Joe Manning has filed an action against Madge Manning for divorce; Lillie S. Geldert also desires the bonds severed that exist between her and Charles S. Geldert.

At the County Jail.

The following named persons were booked at the County Jail yesterday: M. T. Connel, defaulting witness; O. P. Burke, charged with insanity.

Skinner Is Insane.

Mark B. Skinner was examined before a commission in Judge York's court yesterday and ordered committed to Highlands.

Wallet Is Insolvent.

Thomas W. Wallett, a railway laborer, has filed a petition in insolvency. Liabilities, \$683.50; no assets.

Discharged from Insolvency.

Emile d'Artois was finally discharged from insolvency in Judge Shaw's court yesterday.

BOARD OF SUPERVISORS.

Precinct Changes—County Printing.

The request of Tax Collector Merwin for the board to authorize the County Auditor to credit his account \$1194.07, uncollected on the personal property assessment book, was granted, upon the representation that due diligence had been made to make collections and that the amounts were in small sums and scattered throughout the county.

Upon motion of Supervisor Hay, Supervisor Hay was directed to cause a

THIRD-STREET PROPERTY.

Rose Secures Order for Sale of Lankershim Interest.

In the action of L. J. Rose against James B. Lankershim, findings and interlocutory decree were rendered in Judge Clark's court yesterday. This suit was brought for an order directing the sale of the westerly fifty-five feet of lot 1, block 5, Ord's survey, this city.

The property is owned jointly by Rose and Lankershim, and the former's interest is covered by a mortgage for \$1500, held by the Farmers' and Merchants' Bank of Los Angeles.

The court has ordered the property sold, the proceeds to be divided equally between Rose and Lankershim.

the former's interest to be disbursed in liquidation of his indebtedness to the bank, or so much thereof as may be necessary.

The property in question possesses a building used for boarding or rooming purposes and is situated on West Third street, in the rear of the Byrne Block.

Before Judge Clark: Richard Otto, Germany; Frank Wilson, England. John Baile, a native of Canada, was admitted in Judge York's court.

Searched a Constable's House.

Constable De la Monte's house, at No. 248 North Flower street, was burglarized Sunday night, between the hours of 9 and 11 o'clock p.m., during which the occupants were at church and calling at the home of a friend.

Trunks, bureau drawers, boxes, etc., were thoroughly ransacked, the contents being thrown upon the floor and the room was left in disorder. A purse containing \$2.50 was taken, but a gold watch hanging upon the wall of a closet was overlooked.

Suit for Maintenance.

M. E. Klass has filed an action against Valentine Klass for permanent alimony in the sum of \$35 per month. The plaintiff represents that she is 50 years of age and unable to support herself; that her husband receives a salary of \$15 per week, and has unencumbered property of the value of \$2000, and no person other than plaintiff dependent on him for support.

City Bank Property.

In the action of Miller against the City Bank, the annual report of the receiver was heard in Judge Shaw's court yesterday and taken under advisement. The receiver was directed to prepare and file a petition for the sale of all the assets except the Walnut street property and taken under advisement.

Criminal Libel.

DR. TALCOTT & CO., These well known and reliable Specialists treat
Every Form of Weakness and

Diseases of Men Only.

We neither waste our own or patients' time on cases that we know we cannot cure because

We Never Ask for a Dollar Until We Cure You.

You can therefore get an honest opinion of your case, by calling at our office without any charge whatever. We mean this statement emphatically and it is for everybody. We are Specialists for unnatural discharges, secret blood diseases and weaknesses of men and nothing else.

Enlarged and Relaxed Veins Cured in One Week.

Our Little Book sent securely sealed free. It contains rules for diet, exercise and sleep for weak men.

Cor. Third and Main Sts., over Wells, Fargo & Co.'s Express
Private side entrance on Third Street.

**I Have Effectuated
Wonderful Cures**

In cases given up by other Physicians. My system of medication and treatment positively cures. Innumerable testimonials proving this assertion can be seen at my office.

Dr. Hong Soi,

The Imperial Chinese
Physician and Surgeon.

334 S. Broadway, Los Angeles, Cal.

**Eyes Tested
Free**

And Glasses ground to correct all DEFECTS OF VISION, and every pair guaranteed to give satisfaction.

These are a few of our prices:

Solid Gold Frames	\$1.75
Steel, Nickel or alloy Frames	50c
Sun Glasses (including frames)	50c
First quality Lenses, properly fitted	50c

Note—Spectacles repaired while you wait.—Open from 1 a.m. to 5 p.m.

BOSTON OPTICAL CO.

2nd W. Second St.,
Dat Spring & Broadway.

BUSINESS.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE TIMES.
Los Angeles, Aug. 10, 1896.
BANK CLEARINGS. The clearings of the Los Angeles banks for the past week showed a small decrease from the corresponding week of the previous year, being \$1,084,786, as compared with \$1,171,582 in 1895.

GENERAL BUSINESS TOPICS.

INFLUENCE OF THE BICYCLE ON TRADE.

In the history of commerce there are few more remarkable happenings than the influence which has been exerted by the bicycle during the past few years. The introduction of steam as a motive power was, perhaps, of more world-wide importance, but the change was a gradual one, and did not show its effects so rapidly as the bicycle has done. In a recent issue the San Francisco Examiner published the results of an investigation made throughout the country as to the extent to which the bicycle trade has suffered from the general introduction of bicycle-riding.

The rapidity with which the wheel has come into general use is, indeed, remarkable. Five years ago less than 60,000 bicycles were made and sold in the United States, whereas this year it is estimated that 500,000 wheels would be marketed in the United States alone, representing the immense sum of \$66,000,000, most of which is diverted from the ordinary channels of trade. The diversion of this large sum doubtless accounts in some measure for the dullness of trade that has been complained of during the past year.

Of course, the first line of business to feel the pinch is the horse trade. Many eastern dealers estimate that their business has fallen off 50 per cent. during the past year. The bicycle has also a drug in the market and many saddlery firms have scarcely anything to do. The same is true to a great extent of men who deal in heavy carriage wheels. A man or woman with the price of a good watch or a bicycle will, in nine cases out of ten, buy the latter. If it is a question of only one or the other.

There, again, there is the bicycle boom. At least, that is the opinion of a writer in the Dry Goods Economist. The bicycle and the shirt waist have doubtless reduced the dry-goods trade to at least that extent during the past couple of years.

The piano business is estimated to have suffered fully 50 per cent. by the inroads of the bicycle. Houses that rent pianos are doing next to nothing. Instead of renting a piano for the new rent wheels, or pay for them on monthly installments. Then come the theaters, which also claim to suffer largely through the bicycle fever. Hundreds of combinations closed their season earlier this year, and many of them attribute their lack of success to the sale of novels, periodicals and other light reading. Even the trade in Kodaks, which are supposed to go in company with the bicycle, is said to have fallen off considerably during the past year.

The railroads and steamboat companies are naturally among the heaviest losers through the bicycle. It is estimated that the neighborhood of New York alone 300,000 wheels spin over the roads, carrying people who formerly patronized excursion trains and steamboats.

There is one feature in connection with the influence of the bicycle trade that will doubtless afford much satisfaction to the prohibitionists, and that should make them ardent advocates of the wheel. Dealers in beer and liquors claim that the bicycle does them no good, and that suburban gardens being deserted by guests who are on their wheels. The cyclist does not indulge in intoxicants, according to the eastern prohibitionists, calling generally for "soft drinks" or at the most for lager beer.

The Examiner gives the following summary of losses suffered by the various trades in a year:

Horses and livery.....	\$20,000,000
Pleasure vehicles.....	15,000,000
Harness and saddles.....	10,000,000
Pianos.....	10,000,000
Tailoring.....	10,000,000
Clothing.....	7,000,000
Jewelry.....	7,000,000
Confectionery.....	7,000,000
Dress goods.....	6,000,000
Millinery.....	4,000,000
Street railways.....	4,000,000
Whisky and lager.....	2,500,000
Railroad excursions, etc.....	2,000,000
Theaters.....	2,000,000

Total.....\$112,500,000
It is evident that this immense falling off in business of various kinds cannot keep on increasing indefinitely. Before many years every person who is able to ride a bicycle and desires to will, however, be provided with one. There will, however, be a considerable amount of money spent in repairs and renewals, and unless there should be a revolution against the use of the bicycle, which is not at all probable, there is little chance that the losses above itemized will be any smaller from year to year than they now are.

COMMERCIAL.

POISONOUS JAMS AND JELLIES.
The press of San Francisco continues to ventilate the subject of the adulteration of jams and jellies, and it appears to be carried on at an alarming rate. The fraud is not confined to tin packages, but even glasses marked "pure home-made current jelly," etc., are said to contain apple jelly flavored with currant and colored red with poisonous aniline dye. The California Fruit Grower thinks that one of the means of combating these frauds would be for consumers to insist on being served with goods bearing well-known brands. That journal says:

"How are consumers to learn where and by whom these frauds are being committed? They read in the daily press about what the Board of Health and Chemist Wenzell find in tin and glass but up as pure fruit jelly, and they naturally suppose that those who are engaged in the canning business are guilty of these crimes. As a safe-

guard people should not purchase or use any jellies or jams except such as bear the label of some reputable and well-known packer, accompanied with a positive guarantee of the contents of the package. Jellies and jams are largely used by children, and the makers of jelly-cake and jelly-rolls. By a late decision of the Supreme Court of New York, the vendor of canned food products cannot be held responsible for any damage resulting from the use of the contents of a sealed can. The implied contract of a seller will not hold good; it must be an express contract. Hence, we would suggest that purchasers of canned food products should demand from their grocer a guarantee as to quality and condition of the package. It is hard enough on purchasers who pay good money for spurious trash without subjecting them to the necessity of employing medical treatment besides in order to escape death or ruined health as the result of eating it."

LOCAL PRODUCE MARKET.

Wholesale quotations revised daily.

LOS ANGELES, Aug. 10, 1896.
Butter is weaker. Eggs are steady and some dealers are inclined to press for higher prices. There is such a range in the quality of lemons in the market, and in the kind of goods offered that it has been difficult to make a satisfactory price. Quotations today averaged about as given below:

(The following quotations are for several grades of the products mentioned. For an extra choice article a somewhat better price than the highest quoted is decidedly inferior quality the seller will probably have to accept less than the low published quotation.)

Provisions.

expecting to go as far inland as the San Jacinto Mountains. They will visit Squirrel Inn and Strawberry Valley before their return.

Miss M. J. Calvert of Franklin, Pa., who has lived in Pasadena for the past three years, left this evening for her eastern home, having been recalled by the serious illness of her father.

Miss Grace Webster left today for Berkeley, where she will attend school. Miss Gearhart also left for the north on Sunday, and will attend the University of California.

Members of the Pasadena nine are crowding loudly over their victory this afternoon over the Oakland-avenue nine. The score was 23 to 13.

Mr. John Curry is spending a fortnight at San Diego, having gone down with the excursionists on Friday.

SANTA BARBARA COUNTY.
Another Excursion in Prospect.

Lompoc Precincts Revisited.
SANTA BARBARA, Aug. 10.—(Regular Correspondence.) The city of Lompoc, the excursion agent, is again in our city for the purpose of arranging more excursions for Santa Barbara. The dates for the excursion are August 22 and 23, and the indications are favorable for even larger crowds than came on the last excursion. Those who came then were surprised to find that the city is so lively and growing rapidly. Many of them are with us yet, and some have already decided to remain permanently.

The County Board of Supervisors met in special session this morning at 9 o'clock, and adopted an ordinance changing the boundaries of Lompoc Precincts Nos. 1 and 3, and creating Precinct No. 4. They also made P. C. Hathaway justice of the peace in the Sixth township.

SANTA BARBARA BREVITIES.

Steamship Agent McNeale was in from Gavito today, and stated that a considerable quantity of wool was shipped from that port on the steamer St. Paul, and it carried no insurance. It was a big cargo of wool from Gavito that held up the steamer for several days. The cargo was wrecked, thus preventing loss of life.

The steamer Santa Rosa arrived here from the north at 3:30 p.m. today, with twenty-five passengers and eighty-four tons of freight for this port. Capt. Alexander said that, in his opinion, the steamer St. Paul will be a total loss. He believes it will be a total loss. He then beached her within four and a half miles of the city of Monterey.

Carl Stoddard, Seth Loomis and William H. Loomis, who were in the city yesterday, were in the city today from "Low Valley" some thirty miles east of the city, where they spent Sunday chasing bear tracks and having a very good time.

The Crittenden billings continue to attract large crowds each evening. The Methodist Church was packed last night.

Arthur F. L. Bell and wife are camping for a week on the San Joaquin River. J. W. Taggart is sojourning in the northern part of the county this week.

W. A. Gordon and family and Miss Nichols of Los Angeles are staying at No. 1844 Bath street, and will remain until the middle of the month.

Miss Lill, who has been teaching music at Summerland, gave a concert at Liberty Hall in that village on Saturday evening last, which was well attended. Her husband, who was assisted by Mrs. Wright, Fred Wright, Arthur Wilson and J. T. Johnston.

The first part of the program was made up of songs, and the evening's entertainment was pronounced the best of the kind ever given in Summerland.

A school of yellowtail played round the wharf yesterday, and dozens of the wharf boys were seen leaping through the clear water. One young man landed a fifteen-pounder from the wharf.

Mr. J. N. Hiller, Dr. Winchester and Mr. B. N. Hiller are hunting and prospecting in the Kern county mountains, east of the desert, are expected home in a few days.

There was a big crowd at the spiritual camp-meeting at Summerland yesterday, and they were entertained by the inspirational speaker, Mrs. Maud Freitag, who gave talks at the close of each lecture.

SAN BERNARDINO COUNTY.
An Effort Being Made to Secure a Pardon for Prendeville.

SAN BERNARDINO, Aug. 10.—(Regular Correspondence.) Thomas Prendeville, who returned to this city and voluntarily surrendered to County United States Marshal Pourade and was taken to Los Angeles, is expected back this evening. He was deputy sheriff under D. E. Scott, and is known to this vicinity. He was sentenced for contempt of court by Judge Ross at the time of the big railroad strike, and was released on his own recognizance and fled, leaving a wife and children in this city who need his aid in their support. An effort is being made to secure a pardon for him from President Cleveland.

The return of Prendeville to the city recalls the great change which has taken place in railroad service. At the time of the strike the Santa Fe shop in this city was filled with union men, whereas now there is practically no one in town except the men who have been dropped out of the union voluntarily or have been replaced by outsiders.

SAN BERNARDINO BREVITIES.

It was reported in this correspondence that Postmaster Boyd had decided that Mr. Buck's Saturday Review was the true paper of that name, and that the Review published by Messrs. Harbison & Norton was not admitted as second-class mail matter. This was an error, as Messrs. Harbison & Norton do not offer their paper for admission.

The new board of directors of the Highland asylum met and reorganized today (Monday) by electing T. B. Van Alstine of Santa Ana as president of the board.

Mr. Buck announces his intention of starting a new morning paper in the near future, and is of independent free-silver principles.

The people of Rochester will have a big rabbit drive on Wednesday. Every lady is invited to participate. An appropriation has been made by the Supervisors for the purchase of ammunition.

FROM CATALINA.

AVALON (Catalina Island), Aug. 10.—(Special to The Times by Herring-Pigeon, Foker of the Catalina Carrier-Pigeon Service.) The Sunday evening concert given last night at the Island Villa Hotel under the supervision of nine host Wilcox, was an exceptionally pleasant and successful affair, and was enjoyed by fully 800 people—enough to crowd the large parlors, the office beyond and the piazza outside catching the overflow. The programme was made up of instrumental selections by the Pasadena Mandolin and Guitar Club, who played collectively and in duets; Miss Grace Jenkins, who gave a violin solo, and recitations by Miss Mary Russell, Miss Pearl Gleason, Tom Barnes and Master Willie Cline. Each number without exception received a hearty encore.

Rev. L. H. Frary left Monday for San Francisco on his annual summer vacation, and during his three weeks absence Mr. Frary will be in the mountains. She leaves tomorrow (Tuesday) for Dill's Camp. Ed M. Keller and family will leave Tuesday for San Francisco, where they will spend two or three weeks.

The remains of C. Newman of this city, who died at Long Beach Saturday, will be taken to the city for interment. The funeral was held from the Methodist Church Monday afternoon at 2:30 o'clock. Rev. Mr. G. W. Soper will officiate.

Mr. W. Soper will go to Long Beach this week to join Mrs. Soper, who is there with her mother, Mrs. Charles Newman.

Mr. W. Soper will go to Long Beach this week to join Mrs. Soper, who is there with her mother, Mrs. Charles Newman.

Mr. W. Soper will go to Long Beach this week to join Mrs. Soper, who is there with her mother, Mrs. Charles Newman.

if not in Southern California, and such being the case, all tomatoes that can be possibly secured will be canned by the management this season. Either the quality of the green tomatoes or the excellent canning process, and such a local demand that in many instances no other brand will be handled by the retail dealers.

It is announced that J. R. Rush of Los Angeles has been engaged to address the Bryan Free-Silver Club of Pomona this evening.

Miss Marie Vinson of Pomona was a passenger on the ill-starred St. Paul, the steamer that struck a rock Saturday night. As soon as she was landed in safety and conveyed to her office, she wired her parents that she was safe. The telegram reached them between 8 and 9 a.m. Sunday.

There has been many departures in the past few days for summer resorts, and on Tuesday morning the following people will leave: Rev. F. M. Dowling and family, E. D. Mosher and family, C. Mosher and family, and J. M. Harper and family, for Long Beach, to attend the convention of the Christian churches of Southern California, which convenes there on the 13th inst.

Rev. L. H. Frary left Monday for San Francisco on his annual summer vacation, and during his three weeks absence Mr. Frary will be in the mountains. She leaves tomorrow (Tuesday) for Dill's Camp.

Ed M. Keller and family will leave Tuesday for San Francisco, where they will spend two or three weeks.

ORANGE COUNTY.

McKINLEY AND HOBART CLUB ORGANIZED AT SANTA ANA.

The Democrats and Populists, together with a few Mavericks, Organized a Billy Boy Organ Club. Race Horses Arrive in Santa Ana.

SANTA ANA, Aug. 9.—(Regular Correspondence.) The political situation is becoming more interesting in Orange county now that the national campaign is opening up. Saturday night there were two meetings held in Santa Ana for the purpose of organizing political clubs. The Republicans met in the city hall and organized a McKinley and Hobart Club with over one hundred members as a starter while the Democrats, Populists and a few scattering Prohibitionists assembled in Spurgeon's hall to organize a Bryan and Sherburne Club.

The Republican meeting, George Huntington was selected temporary chairman and Linn L. Shaw was made secretary. A committee of three consisting of C. S. McKelvey, Z. West and Capt. J. Hall was appointed to draft by-laws for the club, and another committee composed of Henry Carpenter, M. M. Crookshank, Mrs. McFadden, S. J. Hall and John T. Nourse was appointed on permanent organization. Short speeches were then made by J. W. Ballard and C. S. McKelvey, after which a recess of five minutes was taken for the signing of the membership roll. Immediately there was a rush to the secretary's desk and one hundred names were added to the roll. Other brief but enthusiastic speeches were made after which the meeting adjourned to Tuesday evening, August 10, to meet at the same place.

Up in Spurgeon's hall J. A. Booty was called upon to temporarily preside over the mixed audience of Democrats and Populists, recorded the events that transpired. Mr. D. M. Baker, L. B. Fine, R. B. Wither, C. O. Daniel and J. C. Joplin were appointed a Committee on By-laws, and Messrs. V. Montgomery, E. D. Cooke, W. H. Spurgeon, J. P. Leslie and M. Nison were appointed on permanent organization. A committee of two from each ward in the city was appointed to solicit memberships to the club after which short speeches were made by F. O. Daniels, W. H. Spurgeon and W. F. Heatman, the latter speaker bringing out the "crown thorns and cross of gold" phrase.

Before adjourning it was stated that a number of men out on the San Joaquin ranch were silver men and they had not yet registered, so arrangements were at once made for an enthusiastic Bryan advocate to get himself dressed up so that he can proceed to the ranch with the rise of the sun Monday morning and register all unregistered silver men he can find. A recess was then taken for the signing of the membership roll. Immediately there was a rush to the secretary's desk and one hundred names were added to the roll. Other brief but enthusiastic speeches were made after which the meeting adjourned to Tuesday evening, August 10, to meet at the same place.

(RAILROAD RECORD.)

WILL HELP THE COAST.

SYNDICATE HAS LEASED THE TEHUANTEPEC Isthmus LINE.

Ten Million Dollars Will Be Expended on Salina Cruz Harbor. A Line of Vessels to San Francisco Will Be Established.

An Associated Press dispatch from San Francisco says information has just been received which is of the greatest interest to that city and to the Pacific Coast, from its relation to the problems of freight and transportation. An English syndicate, at the head of which is Sir Wheatman Parson, member of Parliament for Colchester, has just concluded a lease with the Mexican government of the Tehuantepec Isthmus Railway. The terms of the lease include an agreement of the syndicate to complete the work already advanced for the improvement of the harbor of Coatecoaco, the Atlantic terminus of the road, and to construct the harbor works at Salina Cruz, the Pacific terminus, which were included in the original maps, but which the Mexican government has been so far unable to execute.

The road itself will be greatly improved and put in the condition of a first-class line. A line of ships plying between Salina Cruz and San Francisco will be put on and will deliver freight to the many lines plying in the Gulf of Mexico. A determined effort will be made to secure the freight and low-priced passenger traffic of San Francisco.

On the other side of the isthmus it is expected to get the bulk of the English fine freight, such as dry goods, which now come by steamship to New Orleans and by rail to San Francisco.

That the syndicate means business is shown by the fact that it intends to spend large amounts in harbor improvements. On the Gulf side the Mexican government has constructed jetties similar to those at the mouth of the Mississippi by which the entrance to the Coatecoaco River is gradually being deepened so as to admit the largest ocean-going vessels. Comparatively little will be required to complete these works. The syndicate's contract calls for the expenditure of about \$150,000.

On the Pacific side the port of Salina Cruz is nothing but an open roadstead. There was an iron pier extending to twenty-seven feet of water, but the storm in which the Colima went down destroyed it, and all freight has to be lightered, often under unfavorable conditions. The character of the coast and it is such that a very fine commodious harbor can be created artificially, but the expense will be great.

The syndicate has undertaken this expense, and expects to spend \$10,000,000 to build breakwaters, wharves, docks and warehouses. This is even more than the original designs, and the syndicate has been called for. But the understanding is that the works to be created shall make this the finest harbor on the Pacific Coast, outside of San Francisco.

Just what concessions the syndicate gets in return for these expenditures is not known, but it is not believed that they are unfavorable to the Mexican government, which built and owns the road and has been operating it since its completion, because President Diaz has steadfastly refused offers to lease it from various corporations. He has not given sufficient assurances that it would remain an independent competitive line.

COMING BY BOAT.

SAN FRANCISCO, Aug. 10.—The following-named passengers left on the steamer Santa Rosa for Santa Barbara: Mrs. J. A. Blich, Miss Misch, Mrs. Bates, Miss Cunningham, Mr. Harmon, Miss Bradley, Miss Lehn, Mrs. Whitney, J. Ford, Mr. Cornell. For Port Los Angeles: Mordike, Mrs. Benson, Mrs. Glenn, W. F. George, W. F. Wollskill, Capt. Callinan, Miss Morris, Mrs. Cook, J. C. Burton, Henry Ward, Ben Darrow, Miss Williams, Miss Koebing, Ralph Hoyt, Miss Thompson, J. W. Church and wife.

SCRAP HEAP.

W. H. Davenport, freight agent of the Union Pacific, left the city yesterday for the Santa Fe for New York.

The next excursion over the Southern California coast to San Diego will occur September 4 and 5. This will be the last excursion of the season.

J. E. McNeil, roadmaster of the Southern California Railroad, has been laid up a few days with a severe cold, but is on duty again.

A Band from Arizona.

The Tucson Philharmonic Band of Tucson, Ariz., arrived here yesterday. The following are the names of the members, all of whom are at the United States Hotel:

Messrs. L. C. Estrella, F. Ronstadt, R. Velez, F. Burwell, R. Barthelmy, C. Tacome, B. Elias, T. Lagorra, D. Durazo, L. B. Rodriguez, A. Bareda, E. Casanova, R. Ronstadt, W. H. Thornton, J. Reyes, F. Otero, J. C. Etchells, S. Drachman, A. Spring, D. C. Paige, G. Manso, L. Goodwin, B. Elias, S. Aros, J. Elias, Pedro Grilalva, M. T. Carrillo.

The mentioned are all well-known musicians of the pueblo of Tucson and are here on a visit of recreation.

A Tough Newboy.

W. M. McIntire, a tough young newboy, was arrested on Main street yesterday afternoon and locked up by Officer Williams at Police Headquarters on a charge of petit larceny. It is alleged that he was implicated in the theft of seventy-five newspapers from G. N. Perrine of 204 West Fourth street. McIntire will be arraigned in Police Court this afternoon.

Oil Shipments.

VENTURA, Aug. 10.—The tank steamer Loomis will clear for Rodeo at 10:30 p.m., with 6500 barrels of oil consigned to the Union Oil Company's refinery.

LADY ZOUAVES.

Their Military Maneuvers and Natty Appearance Arouse Applause.

The colored population of the city turned out in force last evening to enjoy the entertainment given at Illinois Hall for the benefit of the African Methodist Episcopal Church. The platform was occupied by Mrs. Milla T. Maynard, Judge W. T. Williams, Capt. Cressey and Clay Jackson of Pasadena, who presided. The programme included a violin and piano duet by J. H. Skanks and Master Harry Skanks, a recitation by Mrs. Eva Johnson, a few remarks on the eleventh amendment, by Mrs. Maynard, and a few words by Capt. Cressey. Prof. William D. Pruitt and Mrs. W. W. Dusen gave a scene from "Two Nights in Rome," which was uproariously applauded. Both participants rose to the occasion and threw an amazing amount of dramatic feeling into their lines. Mrs. Dusen looked very charming in a white gown with a decorative waist of pink silk. Judge Williams made the address of the evening on the interests of the colored people and their progress. His words were enthusiastically received.

The feature of the evening was the military drill and review by a company of twenty "lady zouaves," under the direction of Capt. Hattie Lewis and Lieut. W. S. Layton. It was the first appearance of a white company for but three weeks of drilling under Sgt. A. O. Chrisfield, and the precision with which the maneuvers were executed was greeted with the applause it deserved. Lieut. J. T. Thompson, who reviewed the company, complimented it highly upon its good drilling, said that he hoped it would continue its practice, and that he wished many of the sterner sex would drill as carefully and well.

Lieut. Layton, an exceedingly pretty and soldierly young woman, seconded the lieutenant's commendation of the company's efforts. She closed by saying that one of the reasons often given for refusing the ballot to women was that she could not shoulder a musket, and that the company wished to demonstrate that women could carry muskets.

The women presented a very attractive appearance in neat bloomer costumes, the navy blue jackets being finished with white braid. Tan garters fitted closely from knee to ankle, and a jaunty fatigue cap was perched coquettishly upon the head of each. Each woman carried her musket like a veteran, handling it with ease and grace. As the company concluded the drill and filed out, it was accorded an ovation.

The remainder of the evening was spent at the refreshment table, when were presided over by Misses. Sylvia Norris, Nannie Reynolds, D. Russell, J. H. Skanks, Mary Hill, Dora Monroe and Master Moll Taylor.

BICYCLISTS IN POLITICS.

The Wheelmen Will Work to Secure Good Roads.

A large number of cyclists last evening met in Judge Owens's courtroom to discuss the question of bettering the condition of the city streets and country roads. It was finally decided to organize as a political body to secure the nomination of men pledged to the interest of good roads, and to request each political candidate to put forward candidates for State representative, county Supervisor and city Superintendent of Streets, Engineer and Councilmen.

Each man present, irrespective of politics, pledged himself to vote for the men best qualified for the various offices. Committees were appointed to canvass the 8000 cyclists of the city for signatures to the following pledge, and the promise was made that a large majority would be given to the pledge. The pledge will be issued by President E. W. Kinsey on Wednesday, and is as follows:

"We, the undersigned, hereby accept membership in the Cyclists Nonpartisan League, and pledge ourselves that for the purpose of securing fair recognition of the interests of the large and increasing number of cyclists in this city and county, and in order to secure good, representative men in our State Legislature, county Board of Supervisors and City Council, and as Street Superintendent and City Engineer, who appreciate the importance of good roads, we will, after election, work to secure them, at the least cost to the State, county and city, we will call upon every wheelman in this county and city to organize and cooperate for the above-said purposes and use every legitimate means in our power to accomplish the purposes above stated."

The meetings adjourned with cheers for good roads and lots of them.

Tore Down the Curtains.

H. Holstein was taken to the Receiving Hospital last night from a room in a Main street lodging house, suffering with the delirium which precedes typhoid fever. In his delirium Holstein tore down the curtains of his room and threw the furniture about. He will be taken to the County Hospital today.

On Their Vacations.

Chief of Detectives Moffat and Bailiff Appel of the Police Court started on their vacations of ten days yesterday. Detective Bradish will preside at Moffat's desk until his return and Secretary Roy Cottle will act as Officer Clotte will attend to the bailiff's work.

Licensed to Wed.

William L. Worm, a native of California, aged 26, and Cordelia Kingsley, a native of Utah, aged 21, both of Los Angeles.

Francisco Dustel, aged 32, and Belle Regallo, aged 24, both natives of Arizona and residents of Los Angeles.

DEATH RECORD.

BURBOP—Burroughs, a newborn baby, a native of Hamburg, Germany. Services on Tuesday, August 11, at 10 a.m., corner Adams and Palm streets. Friends invited.

JONES—Albert, the only son of J. A. and Ella Jones. Funeral Wednesday, August 12, No. 1002 Alpine street, at 3 p.m. Friends invited.

Stock-taking Sale.

We are giving greater values to-day than we ever did before—greater than any store in Los Angeles ever offered the people. Now is the time, and the People's Store the place, to spend your money.

Art Carpets.

Extraordinary Sale.

Very newest of the new as far as designs go. Choice color effects, every thread pure wool; beautiful borders and fringed at both ends. You may judge of the stock by these prices.

7 ft 6 in by 9 ft size, cut from \$6.95 to \$4.95.
9 ft by 12 ft size, cut from \$7.95 to \$5.95.
9 ft by 12 ft 6 in size, cut from \$8.50 to \$7.50.
9 ft by 12 ft 6 in size, cut from \$10.50 to \$8.50.
Is \$2.00 worth saving!

Special Shoes.

No store has ever reached our record yet. No store has ever cut prices as we have, is reason enough they don't reach the record.

Ladies' Odd lot, small sizes, 2 1/2, 3, 3 1/2, 4, 4 1/2, 5, 5 1/2, 6, 6 1/2, 7, 7 1/2, 8, 8 1/2, 9, 9 1/2, 10, 10 1/2, 11, 11 1/2, 12, 12 1/2, 13, 13 1/2, 14, 14 1/2, 15, 15 1/2, 16, 16 1/2, 17, 17 1/2, 18, 18 1/2, 19, 19 1/2, 20, 20 1/2, 21, 21 1/2, 22, 22 1/2, 23, 23 1/2, 24, 24 1/2, 25, 25 1/2, 26, 26 1/2, 27, 27 1/2, 28, 28 1/2, 29, 29 1/2, 30, 30 1/2, 31, 31 1/2, 32, 32 1/2, 33, 33 1/2, 34, 34 1/2, 35, 35 1/2, 36, 36 1/2, 37, 37 1/2, 38, 38 1/2, 39, 39 1/2, 40, 40 1/2, 41, 41 1/2, 42, 42 1/2, 43, 43 1/2, 44, 44 1/2, 45, 45 1/2, 46, 46 1/2, 47, 47 1/2, 48, 48 1/2, 49, 49 1/2, 50, 50 1/2, 51, 51 1/2, 52, 52 1/2, 53, 53 1/2, 54, 54 1/2, 55, 55 1/2, 56, 56 1/2, 57, 57 1/2, 58, 58 1/2, 59, 59 1/2, 60, 60 1/2, 61, 61 1/2, 62, 62 1/2, 63, 63 1/2, 64, 64 1/2, 65, 65 1/2, 66, 66 1/2, 67, 67 1/2, 68, 68 1/2, 69, 69 1/2, 70, 70 1/2, 71, 71 1/2, 72, 72 1/2, 73, 73 1/2, 74, 74 1/2, 75, 75 1/2, 76, 76 1/2, 77, 77 1/2, 78, 78 1/2, 79, 79 1/2, 80, 80 1/2, 81, 81 1/2, 82, 82 1/2, 83, 83 1/2, 84, 84 1/2, 85, 85 1/2, 86, 86 1/2, 87, 87 1/2, 88, 88 1/2, 89, 89 1/2, 90, 90 1/2, 91, 91 1/2, 92, 92 1/2, 93, 93 1/2, 94, 94 1/2, 95, 95 1/2, 96, 96 1/2, 97, 97 1/2, 98, 98 1/2, 99, 99 1/2, 100, 100 1/2, 101, 101 1/2, 102, 102 1/2, 103, 103 1/2, 104, 104 1/2, 105, 105 1/2, 106, 106 1/2, 107, 107 1/2, 108, 108 1/2, 109, 109 1/2, 110, 110 1/2, 111, 111 1/2, 112, 112 1/2, 113, 113 1/2, 114, 114 1/2, 115, 115 1/2, 116, 116 1/2, 117, 117 1/2, 118, 118 1/2, 119, 119 1/2, 120, 120 1/2, 121, 121 1/2, 122, 122 1/2, 123, 123 1/2, 124, 124 1/2, 125, 125 1/2, 126, 126 1/2, 127, 127 1/2, 128, 128 1/2, 129, 129 1/2, 130, 130 1/2, 131, 131 1/2, 132, 132 1/2, 133, 133 1/2, 134, 134 1/2, 135, 135 1/2, 136, 136 1/2, 137, 137 1/2, 138, 138 1/2, 139, 139 1/2, 140, 140 1/2, 141, 141 1/2, 142, 142 1/2, 143, 143 1/2, 144, 144 1/2, 145, 145 1/2, 146, 146 1/2, 147, 147 1/2, 148, 148 1/2, 149, 149 1/2, 150, 150 1/2, 151, 151 1/2, 152, 152 1/2, 153, 153 1/2, 154, 154 1/2, 155, 155 1/2, 156, 156 1/2, 157, 157 1/2, 158, 158 1/2, 159, 159 1/2, 160, 160 1/2, 161, 161 1/2, 162, 162 1/2, 163, 163 1/2, 164, 164 1/2, 165, 165 1/2, 166, 166 1/2, 167, 167 1/2, 168, 168 1/2, 169, 169 1/2, 170, 170 1/2, 171, 171 1/2, 172, 172 1/2, 173, 173 1/2, 174, 174 1/2, 175, 175 1/2, 176, 176 1/2, 177, 177 1/2, 178, 178 1/2, 179, 179 1/2, 180, 180 1/2, 181, 181 1/2, 182, 182 1/2, 183, 183 1/2, 184, 184 1/2, 185, 185 1/2, 186, 186 1/2, 187, 187 1/2, 188, 188 1/2, 189, 189 1/2, 190, 190 1/2, 191, 191 1/2, 192, 192 1/2, 193, 193 1/2, 194, 194 1/2, 195, 195 1/2, 196, 196 1/2, 197, 197 1/2, 198, 198 1/2, 199, 199 1/2, 200, 200 1/2, 201, 201 1/2, 202, 202 1/2, 203, 203 1/2, 204, 204 1/2, 205, 205 1/2, 206, 206 1/2, 207, 207 1/2, 208, 208 1/2, 209, 209 1/2, 210, 210 1/2, 211, 211 1/2, 212, 212 1/2, 213, 213 1/2, 214, 214 1/2, 215, 215 1/2, 216, 216 1/2, 217, 217 1/2, 218, 218 1/2, 219, 219 1/2, 220, 220 1/2, 221, 221 1/2, 222, 222 1/2, 223, 223 1/2, 224, 224 1/2, 225, 225 1/2, 226, 226 1/2, 227, 227 1/2, 228, 228 1/2, 229, 229 1/2, 230, 230 1/2, 231, 231 1/2, 232, 232 1/2, 233, 233 1/2, 234, 234 1/2, 235, 235 1/2, 236, 236 1/2, 237, 237 1/2, 238, 238 1/2, 239, 239 1/2, 240, 240 1/2, 241, 241 1/2, 242, 242 1/2, 243, 243 1/2, 244, 244 1/2, 245, 245 1/2, 246, 246 1/2, 247, 247 1/2, 248, 248 1/2, 249, 249 1/2, 250, 250 1/2, 251, 251 1/2, 252, 252 1/2, 253, 253 1/2, 254, 254 1/2, 255, 255 1/2, 256, 256 1/2, 257, 257 1/2, 258, 258 1/2, 259, 259 1/2, 260, 260 1/2, 261, 261 1/2, 262, 262 1/2, 263, 263 1/2, 264, 264 1/2, 265, 265 1/2, 266, 266 1/2, 267, 267 1/2, 268, 268 1/2, 269, 269 1/2, 270, 270 1/2, 271, 271 1/2, 272, 272 1/2, 273, 273 1/2, 274, 274 1/2, 275, 275 1/2, 276, 276 1/2, 277, 277 1/2, 278, 278 1/2, 279, 279 1/2, 280, 280 1/2, 281, 281 1/2, 282, 282 1/2, 283, 283 1/2, 284, 284 1/2, 285, 285 1/2, 286, 286 1/2, 287, 287 1/2, 288, 288 1/2, 289, 289 1/2, 290, 290 1/2, 291, 291 1/2, 292, 292 1/2, 293, 293 1/2, 294, 294 1/2, 295, 295 1/2, 296, 296 1/2, 297, 297 1/2, 298, 298 1/2, 299, 299 1/2, 300, 300 1/2, 301, 301 1/2, 302, 302 1/2, 303, 303 1/2, 304, 304 1/2, 305, 305 1/2, 306, 306 1/2, 307, 307 1/2, 308, 308 1/2, 309, 309 1/2, 310, 310 1/2, 311, 311 1/2,
